VOL. 70. NO. 50.

MRS. KEET TELLS OF FINDING BABY'S CRADLE EMPTY

Mother of Kidnaped Child on Stand in Trial of Claude J. Piersol.

STATE WILL USE CARTER

Witness Will Say Defendant Told Him of Plan to Abduct Keet Infant.

By a Staff Correspondent of the Post-Dispatch.

MARSHFIELD, Mo., Oct. 9.—The jury to try Claude J. Piersol on the charge of kidnaping the baby of Mrs. Keet, was sworn at 9 o'clock this morning and immediately afterward Paul O'Day, prosecuting attorney of Greene County, began the opening statement for the State. The jury is composed of 12 farmers from Webster County.

Mrs. Keet this morning testified as to the events of the night of the kidnaping. She told of putting Bud, as she called Lloyd, to bed at 8:30 and kissing him good night at 9:30 when she and her husband started to the Country Club dance. She returned at midnight and went at once to the baby's bed and found it empty. She called the two maids and they searched the house. She broke down and wept when she was shown the clothing the baby wore at the time and which was on the body when it was recovered.

Keet testified as to the disappearance of the baby and identified four communications he received from the kidnapers demanding \$6000 ransom. These were admitted in evidence by Judge Skinner over the objections of the defense. Keet also told of two night rides alone in his automobile carrying the \$6000 in an effort to meet the terms of the kidnapers. The two maids were witnesses and E. L. Conklin testified as to the finding of the baby's body June 9 in an old cistern on the Greenhew farm. None of these witnesses was cross-examined by the defense.

O'Day declared Piersol had admitted to Samuel Allender, Chief of Detectives at St. Louis, and to O'Day that the elaborate story he had told was a fabrication and that he was an agent of the German Government was pur invention.

O'Day, after reviewing the history of the disappearance and subsequent finding of the infant's body in a cistern on a deserted farm near Springfield, asserted that Piersol for two or three years had been "giving serious thought to all the particulars which must be considered in bringing to a successful consummation a crime of kidnaping, and that he had drawn to his side from his various associates and friends those who were willing to assist in his unlawful enterprises."

Frequently Seen in Neighborhood. The prosecutor stated that witnesses would show that a short time before the kidnaping of the Keet baby, Piersol and his alleged band had frequently been seen in the neighborhood of the Keet residence; that all of them were armed and carried masks and frequently stationed an automobile at a convenient point nearby.

O'Day declared the testimony would indicate that Taylor B. Adams, who also is charged with the Keet kidnaping, had approached persons in Greene and Christian counties offering them sums of money to engage in kidnaping projects. These persons would be used as witnesses, the State's Attorney declared.

The testimony would indicate, O'Day continued, that about the 13th or 14th of March Piersol and his companions were stationed in automobiles across the street from the Keet home and that on being asked their purpose was that Piersol replied, "We are going to get the Keet baby." The prosecutor then declared that on the day the baby was stolen Piersol and Cletus Adams went to the Keet home to deliver a package addressed to W. R. Wolfe, "well knowing that this was the Keet home inasmuch as Cletus had delivered a package to the same place the day before."

Inquiries at Country Club. The statement related that two cars were driven to the country club where the parents of the Keet baby were attending a ball and that the driver of one of the cars inquired of the groundkeeper as to the presence of Keet. On being ordered off the premises the two cars drove to within a block of the Keet residence and stopped. The groundkeeper would testify, O'Day declared, that the man who drove one of the cars was Piersol.

The opening statement then dealt with a letter which was seized by the authorities when Taylor B. Adams was arrested in Kansas City. "This remarkable letter," the prosecutor continued, "was written by Piersol to Adams on the first day of June, two days after Lloyd Keet was kidnaped. The letter begins with this statement: 'I made my deal that I was talking to you about before you left.'"

"The contention of the State is that the initial sentence in this letter referred to the abduction of Baby Lloyd Keet and the testimony will show you conclusively that no part of the statements or conduct of this defendant fastened upon him more conclusively than his miserable and

PERSHING'S MEN CHEER VICTORY OF CHICAGO IN WORLD'S SERIES

Applause Also Greeted Announcement Pershing Had Been Made a Full General.

WITH THE AMERICAN ARMY IN FRANCE, Sunday, Oct. 7.—The doughboys had a field day this morning, with competition in military events, including musketry, grenades, automatic rifles, machine guns, trenching and bayonet work. Many cups were offered by the commander-in-chief, Gen. Sibert, Ambassador Sharp and others. The stiffest sort of rivalry developed.

Two companies came to the final event, tied and the chief prize rested on the result of trenching competition. The soldiers could not have dug with more spirit had they been under fire. Partisan supporters of both companies stood by and spurred their favorites with organized cheers and songs while the doughboys lay prone and hacked away at the tough earth.

Announcement of the winners created wild enthusiasm, which was overmatched when the announcement was made later that the Senate had passed a bill making Pershing a full general. On top of that came the news that the White Sox had won the first game of the world's series, so it was a noisy morning for the doughboys.

RAY CUMMINS, FORMER POLICE SECRETARY, IS A BARTENDER

Bondsman, Who Tried to Have Two Patrolmen Transferred, Gives Job to Indicted Man.

Ray Cummins, former secretary of the Police Relief Association, who was indicted by the last grand jury on charges of burglary and participating in the loot of George Frank, now serving a penitentiary sentence, has been hired as bartender by Gus Koenig of 4301 Manchester avenue. Koenig signed Cummins' bond at the time of his indictment, and gained further publicity when he told that he had attempted to set a bribery trap for Police Officer Edward A. Pickett and John Haley, and failing in that, attempted to have them transferred from the beat near his saloon at 501 Second street for ordering customers away, he making arrests which Koenig said were unnecessary. Edward Hogan, an electrician and member of the Legislature, afterward told Chief of Police Young he paid a lawyer \$400 to have the police officers arrested and that the lawyer "had not made good."

Hogan's father, three brothers and an uncle are members of the police department. In 1913 he was an unsuccessful applicant for position of police department electrician.

CALAMITY IF WAR ENDS BEFORE AMERICANS FIGHT, BISHOP SAYS

Necessary for Future Peace of U. S. for Our Soldiers to Show Progress, the Rev. Mr. Quayle Declares.

For the European war to come to an end before Americans get into battle would be a calamity, Bishop William Quayle of St. Louis told an audience at McKendree College, Lebanon, Ill., last night. It would be a calamity, he explained, because it is necessary for the future peace of America that American prowess be exhibited on European battlefields.

He predicted that if Europe got a chance to see Americans fight it would be a thousand years before any European nation would dare attack America.

He did not speak carelessly, he said, because he had a son in the American navy, but he reiterated that it was of the utmost importance that Americans should fight in Europe before the war ends.

DIVORCE PLAINTIFF SUES HER MOTHER-IN-LAW FOR ALIENATION

Mrs. Ivy Engelbach Asks \$20,000 Damages on Day Her Petition Is to Be Heard.

While waiting for her suit for a divorce from Harold Engelbach to be called on the docket at Clayton today, Mrs. Ivy Engelbach filed in the same court a \$20,000 alienation suit against her mother-in-law, Mrs. Mathilda Engelbach. She also named her sisters-in-law, Mathilda and Hulda Engelbach, as co-defendants. The petition alleges that Oct. 14, 1914, she married Engelbach, who is Postmaster at Pevely, Mo. They separated May 8, 1915, and a short time later each filed suit for divorce.

The wife asserts there was a reconciliation and her husband was willing to return to her, but his mother and sisters would not permit it.

KOEHLER MURDER TRIAL TO BEGIN

Nurse Will Answer Charge He Killed Former St. Louisan.

SAN ANTONIO, Tex., Oct. 9.—According to information given out at the office of the District Attorney, Miss Hedra Borgeisen, a nurse, charged with indictment by the murder of Otto Koehler, millionaire brewer, here, Nov. 12, 1914, will arrive today from New York voluntarily to stand trial on the charge.

Last week suit was filed in the District Court on her behalf asking that forfeiture of her bond be rescinded. In the petition she stated that she was willing to stand trial at any time. Koehler resided in St. Louis some years ago.

WRONG MEDICINE GIVEN BY NURSE AND WOMAN DIES

Sodium Hydroxide Administered to Patient at Lutheran Hospital.

Coroner Holds Inquest. Attendant at Bedside Declines to Give Testimony, on Attorney's Advice.

A Coroner's inquest has disclosed that the death of Mrs. Barbara Brandel, 44 years old, of 325 Soudard street, at the Lutheran Hospital Sunday, was caused by acute colitis, due to the administration by mistake of sodium hydroxide, a poison, by a nurse, Miss Iona Gessner.

Celina Rohlfing, the hospital superintendent, testified that, following an operation Saturday, the doctor, whose name was not given, ordered the nurse to administer 3 per cent of glucose and 2 per cent of sodium citrate, "to be given as colitis," according to the transcript of the testimony, but the nurse misunderstood and gave 3 per cent of glucose and 2 per cent of sodium hydroxide, "for colitis."

The "colitis," which appears twice in the transcript of the testimony, is supposed to be colitis.

The police report witness was Police Officer Adolph Buerkop, who merely identified the report which he made of the death of Mrs. Brandel, in which it was stated that she died from an operation.

The nurse, on advice of counsel, declined to testify.

The police report gives as witnesses Dr. Ellis Fischel, Humboldt Building, and Dr. John Boehm, Lutheran Hospital. They were not called to testify. Deputy Coroner Dever, who conducted the inquest, said it was not set for yesterday, but the witnesses appeared and he heard them. He thought the investigation had been thorough enough. The inquest was not docketed for yesterday and newspaper reporters were not present.

Coroner Vitt has considerable practice at the Lutheran Hospital.

ANOTHER \$10,000,000 LOAN SUBSCRIPTION IN NEW YORK

NEW YORK, Oct. 9.—Another \$10,000,000 Liberty Loan subscription early today, announced the Campaign Committee here in its efforts to accumulate a total of \$700,000,000 this week. This subscription was made by the Hanover National Bank of this city. The Irving National Bank also made a subscription of \$5,000,000. A group of subscriptions amounting to more than \$200,000, has been received from the troops on Governor's Island, headquarters of the Department of the East.

Emphasizing the unassailable security of the Liberty Bonds, Thomas W. Lamont of J. P. Morgan & Co. pointed out that the resources behind the loan consisted of the wealth of the United States estimated at \$225,000,000,000. The income of the country, he said, was \$40,000,000,000 a year.

"The resources of Great Britain, France, Italy and Russia combined hardly equal those of the United States," he said, and the income of all those people nothing like equals that of the United States. Since the war began, he said, he has been buying in the open market. The courthouse uses 120 bushels a day.

A contract has been made by which the city will take over the entire output of mine near Belleville, but delivery under this arrangement has not yet begun.

MILK COMPANY TO SELL OVER COUNTER AT 10 CENTS A QUART

St. Louis representatives of the St. Louis and Tennessee River Packing Co. will attend the funeral of Isaac T. Rhea, president of the concern, at Nashville, Tenn., today.

The Donnell Milk Co., 816 South Taylor avenue, today announced it would retail milk over the counter at its plant at 10 cents a quart and 6 cents a pint, beginning Thursday morning.

R. G. Nayemith, secretary and treasurer, stated that the company would make no deliveries by wagon, as they sold their routes to the Pevely Dairy Co. Oct. 1, the day on which milk prices were advanced from 11 to 13 and 14 cents a quart. At the time their routes were purchased by Pevely, the Donnell company was distributing about 500 gallons a day with seven wagons.

Nayemith declined to state what he paid for the milk, but said it came from Missouri producers.

The Wilco Farms Dairy Co. announced an advance in their prices, effective tomorrow, from 12 cents a quart and 7 cents a pint to 14 cents a quart and 8 cents a pint. The St. Louis and Pevely dairies raised to this basis Oct. 1 when they met the producers' demands of \$1.20 a hundred pounds (\$11.62 gallons), an increase of \$1 a hundredweight. Union Dairy Co., one of the four largest distributors, reduced its prices Monday from 14 and 8 to 13 and 7 cents for quarts and pints respectively.

DOUBLE ALARM FOR FIRE IN MANUFACTURING DISTRICT

Fire was discovered in the plant of the Great Western Feed Co. at 3911 Chouteau avenue at 1:30 p. m. today.

It gained such headway that it was necessary to turn in two alarms within a few minutes. The plant is near the crossings and switch yards of several railroads and in a manufacturing district.

'BARGAIN DAY KATE,' CLEVER PICKPOCKET, IS ARRESTED

Had Two Purse, a Mesh Bag and Three Rolls of Bills; Operates Among Women Shoppers.

"Bargain Day Kate" was given a reception at police headquarters this morning. After she had passed up and down the lines of detectives she was photographed and measured for the Bureau of Identification. She is regarded as a clever pickpocket and operates in department stores when bargain-hunting crowds gather.

Her real name is either Kate Algeo or Kate Evans. She has used both names on the occasion of former arrests. She has been convicted of larceny twice and has been sentenced to the workhouse. When she was arrested yesterday evening, she gave the name of Evans and said that she resided with her children at 4290 Penrose street. She says she is 37 years old. She had a mesh bag and two purses and a police matron who searched her found three separate rolls of greenbacks in various hiding places about her clothing.

Mrs. Frank J. Kelahan of 2119 John avenue identified the bag. It was stolen from her at Nugent's yesterday and contained at that time \$24.45. One of the purses was claimed by Mrs. Charles Hollister, 6032 Maple avenue, who said she lost it when she was shopping at the Grand Leader. It had contained \$17.85.

ALDERMEN CONSIDER PLAN TO BRING COAL OVER FREE BRIDGE

Special Committee Chairman Says Fuel Could Be Hauled by Two Engines Owned by City.

A special committee of the Board of Aldermen met this afternoon to consider means by which the city may relieve the threatened shortage of coal in St. Louis this winter, with special reference to plans for bringing the coal across the Free bridge in electric or steam railroads.

Alderman Berg, chairman of the committee, said it was probable that coal for municipal uses would be brought over on the railway deck of the bridge, which will be completed in about three weeks. The hauling would be done with two locomotives owned by the city.

If this plan is carried out it will be necessary for the city to condemn or buy coal storage property between Chouteau avenue and the Terminal yards and between Seventh and Twenty-third streets.

BLIND JUSTICE SHIVERS WHEN COURTHOUSE COAL GIVES OUT

The courthouse was without heat today, owing to exhaustion of the coal in the sub-judicial bins and the city's inability to buy fuel quickly in the open market. Blind Justice shivered in the courtroom as the judges found that their figurative crime was not adequate protection against the chill October air.

Attaches expect to have coal delivered at the courthouse by tonight or early tomorrow. The city contracts for a coal supply for several tracts for a coal supply for several public buildings expired about a month ago and since then it has been buying in the open market. The courthouse uses 120 bushels a day.

A contract has been made by which the city will take over the entire output of mine near Belleville, but delivery under this arrangement has not yet begun.

BOARD EXPECTS TO PASS ON 500 CLAIMS FOR EXEMPTION TODAY

Individual members of the District Draft Board in St. Louis worked far into night in an effort to comply with the Adjutant-General's order that the exemption claim must be cleared by next Saturday.

Each board member took home a large number of exemption papers and affidavits and passed upon them. At today's meeting of the board the recommendations of the board as to the paper he had examined were approved.

There are still about 2000 cases to be disposed of and it was thought about 500 would be passed upon today.

RELATIVES SAY PEORIA MILLIONAIRE WAS SLAIN

PEORIA, Ill., Oct. 9.—Just before Coroner W. D. Elliott opened his inquest at 10 o'clock this morning into the death of Jesse Barker, millionaire banker, who was found dead in the bathroom of his home Sunday evening, W. G. McRoberts, a cousin, announced that after a careful investigation, relatives were satisfied that Barker had been murdered.

He requested the Coroner to have the jurors again visit the scene of the tragedy, and they will be taken there.

YOUTH ASSERTS HE STOLE 2 CARS FOR ALLEGED "FENCE"

Chaufeur in Confession to Police Says Insurance Agent Asked Him to Get Autos.

Charles E. C. Ellis, 19 years old, a chauffeur, who has been staying at the Tremont Hotel, Twentieth and Morgan streets, told detectives this morning that he had stolen three of the eight automobiles which passed through the hands of Edward Maher, alias J. W. Rose, insurance agent, who was arrested last Saturday night at Leslie, Mo., on a charge of conducting a "fence" for automobiles stolen in St. Louis.

EIGHT MACHINES HANDLED

Edward Maher Arrested at Leslie, Mo., After Cashing Check Received in Sale.

Charles E. C. Ellis, 19 years old, a chauffeur, who has been staying at the Tremont Hotel, Twentieth and Morgan streets, told detectives this morning that he had stolen three of the eight automobiles which passed through the hands of Edward Maher, alias J. W. Rose, insurance agent, who was arrested last Saturday night at Leslie, Mo., on a charge of conducting a "fence" for automobiles stolen in St. Louis.

Ellis, who was under bond, after having been charged with the theft of an automobile belonging to W. F. Shelp Jr. of 7229 Forsyth boulevard, was arrested last Saturday night on suspicion of being implicated in the theft of some of the automobiles which Maher had handled. He escaped from a detective in front of Central Police Station.

When rearrested at the Tremont Hotel today Ellis said that he wanted to "talk to the Chief." His confession involving Maher followed. The latter, who is still held at police headquarters, would not comment on Ellis' confession. He said he would not talk until he had seen an attorney.

Ellis said he had met Maher several weeks ago in the Pierce Building and that Maher engaged him to drive a machine to Dixon, Mo., paying him \$90 for the trip. On the way back, he said, Maher asked him if he could get two automobiles, saying that he had a prospective purchaser. Ellis said that he stole two cars and took them to a garage at Thirteenth street and St. Louis avenue at Maher's direction. The cars later could be found by the police in the possession of William H. Cain, an automobile dealer of Dixon, Mo., who said that he had purchased them from Maher.

The third car, which Ellis admitted having stolen, was driven away from King's highway and Delmar boulevard a week ago.

Maher formerly had an office in the Pullerton Building. His arrest was brought about after John A. Reed of 4310 Arsenal street, whose automobile had been stolen, found the car in possession of Cain at Sixth street and Lucas avenue. After identifying the car by a break in the windshield and some repairs on the cover, Reed called a policeman and later called the police. Cain asserted he had purchased the car from Maher and had given Maher a certified check on a bank at Dixon, Mo. The police telephoned Dixon and had Maher arrested after he had cashed Cain's check and had started in an automobile for Union, Mo.

Another street car was approaching and there was not room to clear between it and automobiles parked on the south side of Locust street. Mrs. Gougley steered across the street and tried to hit a trolley pole but missed it and headed for an automobile at the north curb. Before it struck she jumped out and fainted.

The coupe hit the automobile and pushed it to the corner and around into Fourth street, and then started north. A. G. Beckmann, a commission merchant, of 615 North Fourth street, was driving south in an auto truck. He sighted the automobile backing up, pushed by the coupe, and reversed and backed up to St. Charles street.

Meantime Mrs. Rougley had revived and had told bystanders what ailed the coupe. Several men ran after the runaway and overtook them at St. Charles street and shouted the diagnosis to Beckmann. He jumped out of his truck and cut the wires of the coupe and the procession stopped. Both the automobile and the coupe were somewhat damaged.

\$70 A WEEK FOR FACTORY MEN

Head of Manufacturers Says "Extravagant Wage" Is Not Uncommon.

BRIDGEPORT, Conn., Oct. 9.—Good wages were paid in this city before the war; high wages were the rule after hostilities broke out; and now, according to C. E. Elton, president of the Manufacturers' Association.

Workers in factories here, he said, are getting \$50 a week in a large proportion of cases, while \$70 and up it not uncommon. All lines of manufacture are affected.

UNSETTLED, PROBABLY WITH RAIN THIS AFTERNOON OR TONIGHT

THE TEMPERATURES.

High 52; at 3 p. m. low 35, at 7 a. m.

Official forecast for St. Louis and vicinity: Unsettled, probably with rain this afternoon or tonight; tomorrow, fair and somewhat colder.

Missouri: Unsettled, probably with rain this afternoon or tonight in northern portion; warmer in south portion; a cold in north and cold in south portions; tomorrow, generally fair and somewhat colder.

Stage of river at 7 a. m., 2.8 feet fall of .1 foot.

Third World Series Game Postponed as 15,000 Wait

Contest Is Set for Tomorrow After Rain in New York Prevents Play.

POLO GROUNDS, NEW YORK, Oct. 9.—Rain—a heavy, downpour, that came out of the Northwest with a promise of cessation caused a postponement of the third act of the world's series drama between the New York Giants and Chicago White Sox today. Fifteen thousand spectators of the kind whose courage the two acts of the National League champions did not diminish, braved the stormy day and were disappointed when shortly before 1 o'clock the official announcer mentioned the news that the contest had been postponed until tomorrow.

The delay will give the White Sox's star pitcher, Cletus, an added day of rest, but this will also be an advantage to the New York Giants, who are anxious to have Salles start the third game against the Chicago invaders. Salles needs a three-day rest to show to the best advantage, and today's postponement gives him the needed time to get into condition. Fry's game at Chicago will be moved to Saturday, and in case a sixth game will be necessary, it will be played at the Polo Grounds, as originally arranged, on Monday, Oct. 15.

Police officials and Polo Ground guards on duty at Brush Stadium said the all-night crowd was the smallest that has waited up for a world's series game here in years. The first man to appear arrived at 8 o'clock last night. He was a little old man, more than 60 years of age, and took his place at the \$2 ticket window in order to hold the place and sell it to the highest bidder when the sale of seats to the lower stand began. The line grew slowly and at midnight there were perhaps 100 boys and men stretched along the fence. Some slept peacefully and others discussed the chances of the Giants to win the series. In this line stood a soldier with his service overcoat buttoned up around his neck.

Boy First in Bleacher Line. The first in the dollar bleacher line was a boy who appeared at 8:30 o'clock last night. He did not have a dollar to see the game, but hoped to sell his place for the price of admission and a little extra to buy some lunch.

There were a few more in the line than the two-dollar section, but when the rain came in the early hours of the morning most of those who had stood for hours lost heart, sought shelter or went to their homes. The old man and the young boy, however, stuck to their places and covered themselves with newspapers to protect themselves from the rain.

With dawn and while the rain was still falling lightly the lines began to grow. Fans began to trickle from "L" trains and soon all arteries of travel led to the Polo Grounds. When the gates to the lower grandstand and bleachers were opened at 8 o'clock the lines stretched up and down the streets and around the grounds.

The shivering fans who stood in the cold all night were rewarded by first choice of seats in the unreserved sections. All seats in the upper part of the stadium had been reserved and were sold several days ago. This left about 27,000 seats to be sold on the basis of first-come-first-served, when the gates opened today. The management insisted that each purchaser of an unreserved seat go directly into the grounds. This arrangement was strictly adhered to and gave every one an equal chance.

Despite every precaution taken by President Hempstead, reserved seat tickets were to be had from speculators.

Last night \$35 was asked for one set of tickets to the three games, but prices fell today, due to the damp weather. The total attendance was expected to be more than \$8,000, the capacity of the stadium.

Boston Rooters Arrive. During the morning special trains brought in hundreds of rooters from nearby cities. The famous "Royal Rooters" of Boston were in one delegation. Having a team of their own to root for this year on account of the fickleness of baseball fortune, the Boston enthusiasts cheered for the White Sox.

Other special trains came from West Chester, Pa., and Woodland, Md., for years the chief rooters of the White Sox, arrived with the team last night.

WOMAN COULD NOT STOP ELECTRIC COUPE

Short Circuit Keeps Motor Running, Machine Hits Auto and Pushes It Up Street.

Mrs. Isaac Rougley of 4315 Lindell boulevard, driving an electric coupe east on Locust street at 9:30 o'clock this morning, discovered as she was approaching Broadway that the wires of the battery were short-circuited and she could not stop the motor. A westbound Olive car was turning into Broadway and a collision was imminent, but Mrs. Rougley shouted to the motorman and he stopped, and Mrs. Rougley went on toward Fourth street.

Another street car was approaching and there was not room to clear between it and automobiles parked on the south side of Locust street. Mrs. Gougley steered across the street and tried to hit a trolley pole but missed it and headed for an automobile at the north curb. Before it struck she jumped out and fainted.

The coupe hit the automobile and pushed it to the corner and around into Fourth street, and then started north. A. G. Beckmann, a commission merchant, of 615 North Fourth street, was driving south in an auto truck. He sighted the automobile backing up, pushed by the coupe, and reversed and backed up to St. Charles street.

Meantime Mrs. Rougley had revived and had told bystanders what ailed the coupe. Several men ran after the runaway and overtook them at St. Charles street and shouted the diagnosis to Beckmann. He jumped out of his truck and cut the wires of the coupe and the procession stopped. Both the automobile and the coupe were somewhat damaged.

The Post-Dispatch a year ago exposed the "shuffle" system in the Missouri Supreme Court, which resulted in its abolition in that tribunal.

Four Cases Are Cited. The prosecuting attorney's decision to investigate the system in the St. Louis Court of Appeals was prompted by four cases, which reached the Court of Appeals March 17, 1916, after convictions had been obtained in the lower court, and of which no disposition has been made owing to the failure of the appellants to pay a docket fee of \$10 to have their appeals docketed.

These are the cases against Mary Scott, convicted of petit larceny; Callie Wright, convicted of immoral conduct; and two cases against H. H. Hobbs, both convicted of practicing medicine without a license.

Sigener says he will demand that the docket fees in all appealed cases be paid at once or will move that the appeals be dismissed and the sentences imposed on conviction be enforced.

Among the cases that have been pending before the Court of Appeals for nearly two years in the "shuffle" system are those of Otto N. Christner and James H. Campbell, police sergeant, who were fined Dec. 23, 1915, for an assault on two newspaper men.

RIOT GUARDS GO TO CAMP

Fourth Illinois Infantry Enroute for Camp Logan, Tex.

The Fourth Illinois Infantry, a national guard regiment, is being enroute today from 15 small towns in Southern Illinois and will start tonight on three special trains for the Illinois Central Railroad for Camp Logan, near Houston, Tex. The regiment consists of 15 companies and contains 1725 men. It is commanded by Lieutenant Colonel E. P. Clayton, who spent the night in East St. Louis during the race riot.

NEW J. R. BILL WILL INCLUDE MILL AND 1 PER CENT TAXES

Alldermanic Utilities Committee to Submit Measure Without Franchise Levy.

DRAFT WITHIN TWO WEEKS

Public Hearings Will Be Held to Discussion of Third Proposed Compromise.

Abolition of the present franchise taxes paid to the city by the United Railways, and the substitution in their place of a tax of 1 per cent on the company's gross earnings, with no repeal or reduction of the tax of 1 mill per revenue passenger, are the two main features of the new bill which the Aldermanic Public Utilities Committee has tentatively agreed to incorporate in a new bill that is to be submitted to the Board of Aldermen in the fall of 1917. The bill was introduced by Alderman J. R. Hellerich, and is the result of a compromise between the Aldermanic Public Utilities Committee and the Aldermanic Finance Committee. The bill provides for the abolition of the present franchise taxes paid to the city by the United Railways, and the substitution in their place of a tax of 1 per cent on the company's gross earnings, with no repeal or reduction of the tax of 1 mill per revenue passenger, are the two main features of the new bill which the Aldermanic Public Utilities Committee has tentatively agreed to incorporate in a new bill that is to be submitted to the Board of Aldermen in the fall of 1917. The bill was introduced by Alderman J. R. Hellerich, and is the result of a compromise between the Aldermanic Public Utilities Committee and the Aldermanic Finance Committee.

Mayor Favors 2 Per Cent Tax. At least two members of the Utilities Committee objected to making the rate or method of taxation a part of the franchise contract, fearing that this would prevent the city in the future from increasing the amount or changing the form of the tax on the company's business. Mayor D. J. Fanning, however, favors the substitution of a tax of 2 per cent on the company's gross earnings for the mill tax and the new tax on gross receipts would be \$118,000 less than the city is now collecting in mill taxes and franchise taxes.

Bill Ready in Two Weeks. The committee has decided to draw the third bill to provide that promoters of subdivisions in districts where there are no street cars may build lines and turn them over to the United Railways Co. to operate. This method of providing for extension of the city's mileage, the committee believes, would be better than the scheme outlined in either of the pending bills, which make the building of new lines contingent on the payment of a certain amount of money to the city.

Two Dentists Treat Men on American Ships Overseas. No less than 1000 bluejackets and officers have been cared for since war began. Correspondence of the Associated Press. BASE AMERICAN FLOTILLA IN BRITISH WATERS, Sept. 30.—Keeping in repair the teeth of the American officers and bluejackets over here is a big task ably performed by two dental surgeons who hold the rank of Junior Lieutenants in the United States Navy. The two dentists, who are now in this port, these two men, since the arrival of the flotilla in these waters, have treated no less than 1000 of the personnel of the ships for everything from a common, every-day toothache to a major operation on the molars. On their respective ships these two surgeons preside over dental parlors on a par with those to be found in the best equipped of American cities. Here urgent cases are treated immediately, others by appointment and in regular order. The dentists are always "on the job." They are subject to call at any time of the day or night. For instance, the other morning one of the dentists was aroused at the quiet hour of 3 o'clock to attend a severe toothache. The patient was from one of the destroyers which had just returned to port after a long stretch of patrol duty. His toothache started far out at sea, but he had to endure it for another day, when it was time for his ship to return to port. All work is done at the expense of the Government. No gold crowns are put in, nor is any work done at tooth and nerve extractions, and it is time for the highly specialized kind of dental surgery. But Uncle Sam makes it his business to watch over the men's teeth, and has made teeth inspection a part of the regular routine of ship life. It is part of the efficiency scheme.

The Big British Success Near Ypres

"How's that, Fritz?" Mr. Raemaekers is in the United States drawing a series of cartoons on present-day episodes of the great war. These timely cartoons appear exclusively in the Post-Dispatch in St. Louis.

FIGHT TILL GERMANY IS BEATEN, PRESIDENT SAYS

Autocracy Must Be Superseded by Democracy, He Tells League for National Unity.

WASHINGTON, Oct. 9.—The League for National Unity, organized here with the approval of President Wilson today, is preparing an intensive campaign for the unification of public opinion in the war. A consolidation of the chief elements of national life, religious, political, labor, agriculture and industry, has been effected in an effort to merge American thought in a single channel. In a brief speech at the White House yesterday, President Wilson told the leaders of the movement that a reconciliation of the present diversities of public opinion is necessary—that America must keep in mind that hostilities should end only when Germany is defeated and her autocracy superseded by democracy. Talk of a premature peace, he remarked, is abortive to the nation's war aims. Many people, said the President, are inclined to let their thoughts on the causes and principles underlying the war, wander into byways and forget that the main reason the United States is at war is to defeat a Government which threatens even the existence of democracy. Honorary chairman of the league are Cardinal Gibbons and Dr. Frank M. North, president of the Federal Council of Churches. Theodore N. Vail, president of the American Telephone and Telegraph Co., was selected as active chairman with Samuel Gompers, president of the American Federation of Labor; Charles Barrett, president of the Farmers' Educational and Co-operative Union, and George Pope, president of the National Association of Manufacturers, as vice chairmen. The object of the movement was outlined as follows: "To create a medium through which the loyal Americans of all classes, sections, creeds and parties can give expression to the fundamental principle of the United States: to carry on to a successful conclusion this new war for the independence of America and the preservation of democratic institutions and the vindication of the basic principles of humanity."

PRISON FOR BOGUS SOLDIER

Man Who Wore Uniform to Defraud Is Sentenced. NEW ORLEANS, La., Oct. 13.—Expressing regret in not being able to inflict the heavier penalty, Judge Foster of the United States District Court sentenced Raymond A. Swett, alias Major A. D. Raymond, to serve six months in the parish prison. "Any man wearing the uniform of the United States army without authority at such a time," said the court, "should be dealt with utmost severity, and my only regret is that the law does not permit me to give you six years instead of six months." Raymond was arrested in Mobile a few days ago, after a brief escape from New Orleans, where, in the garb of a major of the United States army, he victimized a number of merchants. He was detected as a fraud by Mayor Behrman and Capt. C. H. Danforth, U. S. A.

PLAN ADOPTED TO SUPPLY SEED TO NEEDY FARMERS Trust Company Will Be Organized and County Agents Will Do the Work. OKLAHOMA CITY, Oct. 13.—A plan for furnishing 75,000 bushels of seed wheat to farmers of Oklahoma, who are without means of purchasing seed or have no credit at banks, was worked out at a meeting of county farm demonstration agents with members of the State and county Councils of Defense held at Enid. It was agreed that most of the help is needed in six counties of Western and Northwestern Oklahoma. The plan is to advance wheat to the growers and permit them to pay it back next year on a basis of two bushels for every one furnished. A trust company will be formed which will handle the funds that will be raised for the purchase of the seed. The State Council of Defense will ask wealthy men of Oklahoma to forward the money with assurance that it will be paid back with interest next season. The county farm demonstration agents and county Councils of Defense will see to the distribution of the wheat. These local organizations next year will also see that the farmers who obtain the seed pay for it either in seed or money. It is believed that this will enable

EXPECT \$500,000 IN SECOND DAY OF FUR AUCTION

Traders Continue Spirited Bidding—Pair of Silver Foxes Yields \$860.

URUGUAY SENDS SKINS HAS SPECIAL PRIVILEGES

Consul Says Lobos Island Pelts Bring Higher Prices Here Than in London.

With the impetus given by the sale of \$500,000 worth of furs yesterday at the opening of the autumn sale of the International Fur Exchange, the second day of the sale continued with such spirited bidding that today's total seemed likely to exceed that of yesterday. At the morning's session \$900 badger skins were sold for \$17,500. Thirty more brokers arrived last night from the East. Brokers already here are setting orders from manufacturers to buy heavily because they expect this probably will be the last big sale before the end of the war. The bidding yesterday New York, Chicago, St. Louis and Russia were contenders in the order named. Although the Government sealings brought from 12 to 20 per cent less than last April, Hugh M. Smith, Commissioner of Fisheries, who was here as the representative of the Government in the sale of the 3229 skins, expressed himself highly pleased. Buyers generally think that the price, averaging \$33.50 a mink, is possible a broader market for this pelt. Better Price Than London Paid. Jose Richling of New York, Consul-General of Uruguay, expressed astonishment at the prices brought by the Lobos Island seals, which were sold raw. They brought more than double what was obtained for them when they were sent to the London market, and some of them brought three times as much. The seals obtained in 1917, for example, \$15,500. With the exception of a few small lots the entire Uruguayan Government consignment was bought by Waldemar Ellington. The skins will be dressed, dyed and machined in this country, half going to New York and half remaining in St. Louis. Blue Fox Furs in Demand. The United States Government shipment of blue foxes from the Pribilof Islands were in great demand, there being some exceptional high prices. The highest price paid for an opening bid of \$90 up to \$142. Many went at from \$75 to \$125 each, but the presence of lower grade pelts brought the average down to about \$60 apiece, which the dealers consider good price. The total brought for the blue foxes was more than \$65,000. There was good bidding for the Russian sables. One brought \$127.50. Many went at \$40, \$50 and \$60. The silver foxes were of unusually poor quality. One choice pair sold for \$850. The best pelts brought about the same prices as at previous sales, but the medium and poorer qualities brought better prices than usual. The total for the silver foxes ran up to \$125,000.

EVADES ARREST FOR 11 YEARS Virginia Captured at Request of Sheriff Who Fought Alvin Karp. PENDLETON, Ore., Oct. 9.—Sheriff Bud Edwards of Carroll County, Va., who was a figure in the famous Alvin Karp case, which was a nation-wide sensation a few years ago, has arrived in Pendleton to take into custody Logan Vernon, alias J. R. Rash, wanted in Virginia for a murder committed 11 years ago. Rash had successfully eluded pursuit since the crime was committed until he was arrested here. Edwards bears a bullet scar from the memorable courtroom battle in which a Judge, Sheriff and Prosecuting Attorney and two jurors were killed by Floyd and Alvin Karp and four friends after Alvin had been sentenced to the penitentiary for interfering with an officer. Edwards is generally credited with being the one who killed Floyd Karp.

Housewives Defranded by Short Weight. Housewives in the 4300 block in Park avenue were duped yesterday by three youths dressed as farmers, who were selling potatoes at \$1.25 a bushel. Each bushel was found to be 10 pounds short.

WAR CORRESPONDENT LOST LEG. LONDON, Oct. 9.—The name of Geoffrey Young, English sportsman, mountain climber and war correspondent, has been added to the list of newspapers men wounded in the war. He has undergone the amputation of a leg as the result of wounds suffered near Gorizia. He had done considerable work as a war correspondent for various English newspapers on the western front and in Italy.

Wanted Students to Husk Corn. LINCOLN, Neb., Oct. 9.—A plan to dislodge the Nebraska schools, including the State University, for three weeks beginning Oct. 28, during corn husking time, was discussed last night in a meeting called by W. H. Gustafson, president of the Nebraska Farmers' Union. This year's corn crop exceeds last year's by about 2,000,000 acres. Packers Bay Liberty Bonds. CHICAGO, Oct. 9.—Armour & Co. have purchased \$2,000,000 in Liberty Bonds; Wilson & Co. packers, \$1,000,000; and the Studebaker Corporation of South Bend, Ind., \$1,000,000. The Chicago Board of Trade has increased its purchases to \$400,000.

Two Blind Men Killed by Car Another Hurt in Party Which Became Confused in Street. MILWAUKEE, Wis., Oct. 9.—A party of five blind men were struck by a street car at 1:45 a. m. while on their way home. Two were instantly killed and a third hurt, but will recover. Those killed were Patrick Moughlin and George Ott of 1218 State street. The five became confused on the street car track, but two leaped to safety and the three others were hit. All were employed at the Wisconsin Workshop for the Blind. The Post-Dispatch is the only evening newspaper in St. Louis that receives or publishes news authored by the Associated Press.

REPORTER BEGINS SIX WEEKS' TERM IN COLE COUNTY JAIL

Robert E. Hollway Gives Himself Up After Being Ordered Held for Contempt.

URUGUAY SENDS SKINS HAS SPECIAL PRIVILEGES

Consul Says Lobos Island Pelts Bring Higher Prices Here Than in London.

Jefferson City, Oct. 9.—Robert Hollway, a newspaper reporter who yesterday was ordered confined in the Cole County jail by the Supreme Court for contempt of Circuit Judge Slate in refusing to tell the source of his information for a published report of secret proceedings of the grand jury, surrendered to Sheriff Richter last night and was locked up. Hollway is permitted many privileges in the jail, having a typewriter in his cell and being allowed all the visitors he cares to see. His wife is permitted to take his meals to him and he is not required to eat the jail food. Under the order of the Supreme Court, Hollway will be held until the present term of the Cole County Circuit Court adjourns, Nov. 17, unless before that time he reveals the name of the man who told him that seven indictments had been voted against John Scott, commissioner of the permanent seat of government, in connection with the sale of State coal by Scott to State officials and others. Hollway said that he would continue to refuse to tell the name of his informant and that he expected to remain in jail until Nov. 17, unless the order was rescinded. "Under the order of the Circuit Court, which was upheld by the Supreme Court, I was given the alternative of telling my source of information or going to jail until the end of the present term of court, Nov. 17. "It meant that either I or the informant must be the guest of Sheriff A. B. Richter. I believe the honor rightfully belongs to me, for I am sure my friend did not feel he was doing anything which would interfere with the steps of justice."

PENSIONS PAID 545 TEACHERS Illinois Annuitants Get \$130,000.33 in Last Fiscal Year. SPRINGFIELD, Ill., Oct. 9.—Exactly \$130,000.33 was paid out in pensions to 545 teachers in Illinois for the fiscal year ending June 30, 1917, according to the report to the fund trustees just made public. The \$45 included 326 who were added this year, the five beneficiaries died, making a total of six deceased contributors. In every case, it was said, more was paid into the fund than was received by the annuitants. During the past year 406 persons filed affidavits as elective contributors, making a total of 1906 contributors now on the books. Within the year four annuitants died, making a total of six deceased contributors. In every case, it was said, more was paid into the fund than was received by the annuitants. A ruling by the Attorney-General says a teacher who has elected to come under the provisions of the pension law may be retired on a disability when such disability existed prior to her election to come under the law. The board of trustees also has ruled that whenever an annuitant re-enters teaching work her annuities cease, her retirement becoming effective again as soon as she ceases to teach and that an annuitant may engage in work other than teaching.

PURE MILK FUND WITHIN \$35 OF THE \$5000 GOAL

"Pollyanna" Contribution Adds
\$321 to Total for the
Season.

CONTRIBUTIONS.
Previously acknowledged, \$4443.18
"Pollyanna" 321.37
Total \$4764.55

"Pollyanna" very nearly brought the fund to aid the poor babies to its \$5000 goal for the season, although not quite so many persons came to her "glad" show at the Jefferson Theater last week as she had hoped and expected to see. Her managers and the managers of the theater contributed 5 per cent of the gross receipts of the week's engagement to the Post-Dispatch Pure Milk and Free Ice Fund, and this \$321.37 brought the total of the fund to \$4764.55.

Who will make it \$5000? Or help to make it \$5000.

The sum needed, as will be seen, is

CROP INDEX SHOWS LOSS

Corn and Spring Wheat Suffered Big
Depreciation in September.

WASHINGTON, Oct. 9.—Considerable losses were recorded in some of the country's principal farm crops as a result of conditions in September, but the Government report issued yesterday indicated there would be record crops of corn, oats, rye, white and sweet potatoes, tobacco and beans.

The loss was heaviest in corn, which showed a reduction of more than 36,000,000 bushels since Sept. 1. Other losses were spring wheat, 7,909,000 bushels; barley, 2,160,000 bushels; buckwheat, 2,331,000 bushels; white potatoes, 5,985,000 bushels; sweet potatoes, 907,000 bushels; apples, 537,000 bushels; sugar beets, 113,000 tons; kafir, 4,339,000 bushels and beans, 4,155,000 bushels.

Some crops, however, showed important indications, especially oats, with a gain of 47,382,000 bushels, making it a record crop of 1,580,714,000 bushels, or \$1,000,000 bushels more than that of 1915. Other gains were rice, 1,619,000 bushels and tobacco 21,537,000 pounds.

During the first nine months of 1917 the Post-Dispatch printed 48,000 for Sale Want Ads—14,733 more than the FOUR other St. Louis newspapers combined.

SAYS "JOY RIDING" SHOULD STOP TO SAVE GASOLINE FOR WAR

Inventor Tells Mining Engineers
That Government Will Need Big
Portion of Oil Produced.

E. F. Lucas, an inventor, told the American Institute of Mining Engineers at the Planters Hotel today that the war-time increasing demands on petroleum production tend to discourage waste of gasoline by motorists and particularly by "joy riders." All patriotic citizens, he averred, should cease this abuse and thus contribute to a means to end the war.

Lucas pointed out that although the yield of crude oil, from which gasoline is a product, was 300,747,158 barrels last year, a continuance of the war would compel the Government to make enormous increased demands on petroleum products.

FEW U. S. SOLDIERS HOME-SICK

All Men in Good Spirits, Ambassador
Sharp Reports.

WASHINGTON, Oct. 9.—Home-sickness has become rare in the American army camps in France, Ambassador Sharp has reported to the State Department. Outdoor life, plenty of exercise and familiarity with their new surroundings have improved the health and spirits of the men, he reported.

It might be difficult, the Ambassador said, to find better sites for the camps.

GOVERNMENT WINS VICTORY IN RUSSIA OVER PARLIAMENT

Outgrowth of Democratic Con-
gress Has Withdrawn Its
Demands for Power.

TO BE ADVISING COUNCIL

Will Have Right to Put Questions
but Not Demands—Can
Initiate Legislation.

PETROGRAD, Monday, Oct. 8.—The Provisional Government apparently has won a complete victory over the preliminary Parliament, an outgrowth of the Democratic Congress. M. Tsereteli, one of the leaders of the Parliament, today informed Premier Kerensky that the Parliament had withdrawn all its demands that the Government be responsible to it and had acceded to the Government's plan that the Parliament act merely in an advisory legislative capacity.

The Parliament has been christened officially as the "Temporary Council of the Russian Republic," and will sit until the constituent assembly convenes. It has been agreed that "the council shall have a right to put questions, but not demands; to initiate legislation on state questions and to deliberate on measures which the Government lays before it."

The Government will work out the whole program for the Parliament, at the first sitting of which Premier Kerensky probably will lay before the Government's new program. At the suggestion of the Government 120 members of the Bourgeoisie will sit in the Parliament.

Premier Kerensky today officially informed all those selected last Thursday of their appointment to the new coalition Cabinet.

M. Masloff, who was offered the Ministry of Agriculture, declined on the ground that the interests of the present party required his attention. M. Skobelev, Kerensky's choice for Minister of Labor, has not decided whether he will accept.

ELECTION CLERK FREED OF CHARGE OF HINDERING VOTER

Democratic Clerk Challenges Negro,
Who Later Was Allowed to
Cast Ballot.

William T. McIlroy of 2653 Washington avenue, a Democratic clerk of election in the third precinct of the Seventeenth Ward at the election of Nov. 6, was freed by Circuit Judge Bassett, yesterday afternoon, of the charge of feloniously hindering a voter.

Theodore F. Smith, a negro, of 2638 Lucas avenue, charged that McIlroy challenged the vote, falsely accusing him of having been convicted of petit larceny, which would disqualify him from voting; and that McIlroy attempted to cause his arrest. The Court sustained a demurrer after it was shown that Smith was not actually arrested, and that he was permitted to cast a vote, although the evidence seemed to indicate that the vote was not counted.

This is the first case to be tried in which a Democratic election official was charged with an offense of this kind at the November election. Many negroes complained, after this election, that they had been deprived of their votes by false charges of previous imprisonment, and that they were wrongfully arrested. A few negroes have been convicted of attempting to cast votes when disqualified from voting.

AIRPLANE INVENTORS FOR ITALY "ORDERED HOME" BY AUSTRIA

Caproni Brothers Were Born in the
Trentino, but Have Been Fight-
ing Against Emperor.

ROME, Oct. 9.—The brothers Caproni, inventors of Italian airplanes which have lately been active on the northern front, were born in Austria, being natives of Arco in the Trentino, where they still have considerable property interests.

The Austrian authorities, annoyed at the want of loyalty shown by the inventors, have recently issued an edict accusing the Capronis as traitors and defaulters, and commanding them to return at once to Austrian territory, under penalty of being treated as deserters and their goods sold at auction.

The Capronis, however, say in reply that, although they left Austria before the war, they have since paid numerous visits to Austrian territory in their airplanes.

TO FILL STROMBERG'S PLACE

The Board of Education will elect officers tonight. A successor will be chosen to Ben P. Stromberg, who has been president the last year. It has been the custom to elect the vice president to the presidency. Richard Murphy has been vice president.

The precedent came near being smashed last year. There was opposition to the election of Stromberg, who had been vice president the preceding year. Murphy was the candidate of the opposition. After several caucuses there was a compromise.

Woven Label "Trust" Dissolved.
NEW YORK, Oct. 9.—The Woven Label Manufacturers' Association, charged by the Government with violating the anti-trust law, was dissolved by United States Judge Hand with consent of the defense in the Federal Court here yesterday. The Government alleged that the association conspired to monopolize and restrain trade in woven labels, hangings, tags and similar articles attached to hats, underwear, coats and other clothing.

92-POUNDER, REJECTED, WANTS TO GET WAIVER

St. Louisan Turned Down at
Camp Funston Asks Friends
to Use Influence.

Eight pounds of weight would
make David Jerome of 5617 Von
Versen avenue, a soldier in the na-

tional army. He weighs 92 pounds and the army specifications say that a man of his height, 5 feet 2 inches, should weigh 100. Therefore, a dispatch to the Post-Dispatch says, he has been rejected by the examiners at Camp Funston.

But Jerome is not "willing to let it go at that. Just now he is a patient in St. Mary's Hospital, Kansas City, suffering from a cold contracted on his way home. He declares that, as soon as he gets to St. Louis, he will ask friends to use their influence in official quarters, to get an order from the War Department, if necessary, to get the rules as to weight suspended in his case. Before going to the hospital,

Jerome called on Secretary Blinke of the District Appeal Board in Kansas City. "Here I am," he said to Blinke, "willing eager to fight for my country, and although the country is crying for men I am turned down because I don't weight eight pounds more."

He showed a letter which was written by Maj. Shiverick of Camp Funston to Col. Shepherd, chief of the examining staff. The Major wrote:

"This man is so persistent that maybe he makes up in patriotism for his lack of weight. Is there anything but lack of weight against him? Do you recommend weight be waived?"

The Colonel was unwilling to make such a recommendation. Jerome, who is a mechanical engineer, was passed by the examining physicians of the Twenty-third Ward Draft Board early in August. After his acceptance he made a patriotic speech before a large meeting of glassblowers in St. Louis. He has a commendatory letter from Rabbi Leon Harrison.

The man who will make a patriotic partner in a business venture may be watching for your offering him in the Post-Dispatch Want Columns.

Victor
"HIS MASTER'S VOICE"
REG. U.S. PAT. OFF.

Homer

Homer thrills all America with "The Star Spangled Banner"

The Star Spangled Banner
Victor Red Seal Record 87277. Ten-inch, \$2.

To hear this new Victor Record by Louise Homer is to experience a thrill of patriotism that stirs the very soul. Her deep, rich contralto voices beautifully the sentiment that inspired our national anthem. And as it rings out full and strong, instills within our hearts a greater love for our country and our flag.

Every American will want to include this new record among the patriotic numbers in his Victor Record library. Hear this new Homer record to-day at any Victor dealer's. He will gladly play for you any music by the world's greatest artists who make Victor Records exclusively. He will also demonstrate the various styles of the Victor and Victrola—\$10 to \$400. Ask to hear the Saenger Voice Culture Records.

Victor Talking Machine Co., Camden, N. J.
Important Notice: Victor Records and Victor Machines are scientifically coordinated and synchronized by our special processes of manufacture, and their use, one with the other, is absolutely essential to a perfect Victor reproduction.

Victrola

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only. Warning: The use of the word Victrola upon or in the promotion or sale of any other Talking Machine or Phonograph products is mislabeling and illegal.

HOW TO ADDRESS LETTERS TO MEN OF NATIONAL GUARD

Old Regimental Designation Will Do, but New One Will Expedite Mail.

PLACING OF MISSOURIANS

Few Changes in Company Lettering, but Numbers of Regiments Are New.

By a Staff Correspondent of the Post-Dispatch.
CAMP DONIPHAN, Ok., Oct. 8.—As was to be expected in a new camp of the size of this one, there has been some confusion of mail, but the postal people are rapidly getting straightened out.

Mail addressed to former guardsmen will reach them if addressed in care of the organizations to which they formerly belonged, such as "First Regiment, Missouri National Guard," although that regiment has gone out of existence for the time being. But mail so addressed may be delayed for a day or two, as the clerks must look up the present organization of the man to whom the letters are addressed, and it is much better to use the new designations.

Missouri's New Addresses.
Following are the new addresses of the Missouri guardsmen:

In the Sixty-ninth Infantry Brigade—
The First Battalion of the Second Missouri Infantry and the Machine Gun Company of the Second Missouri Infantry now form the 128th Machine Gun Battalion.

The Second Battalion of the Second Missouri is now the 129th Machine Gun Battalion.
The First and Second Kansas Infantry now are the 137th Infantry.

The First and Fifth Missouri Infantry now are united as the 138th Infantry.

In the Seventieth Infantry Brigade—
The Third Battalion of the Second Missouri Infantry is the 130th Machine Gun Battalion.

The Third Missouri Infantry and the Fourth Missouri Infantry now are combined in the 139th Infantry.
The Third Missouri Infantry and the Sixth Missouri Infantry now are combined in the 140th Infantry.

In the Sixtieth Field Artillery Brigade—
First Missouri Artillery and B Troop Missouri Cavalry are the 128th Field Artillery.

The Second Missouri Field Artillery is the 129th Field Artillery.
The First Kansas Field Artillery is the 130th Field Artillery.

The Headquarters and Supply Company of the Second Missouri Infantry now is the 110th Trench Mortar Battalion.

The First Battalion of Missouri Engineers and the First Battalion of Kansas Engineers now are the 110th Engineers.

Company Identification Kept.
Where two regiments have been combined the company identifications have been maintained as far as possible, that is, a company of the First Regiment and a company of the Fifth Regiment now form a Company of the 138th Infantry.

Thus a letter to a man who left St. Louis as a member of F Company of the Fifth Regiment should be addressed to him:

His Name,
F Company,
138th Infantry,
Camp Doniphan,
Ok.

All the troops at Camp Doniphan are in the Thirty-fifth Division, under command of Major-General William Wright.

Of the three brigades, the Sixty-ninth Infantry is commanded by Gen. Arthur B. Donnelly, the Seventieth Infantry is commanded by Gen. C. I. Martin and the Sixtieth Field Artillery is commanded by Gen. L. G. Berry, who is just now acting commandant of the camp.

MISSING SINCE EARTHQUAKE,
OFFICER FOUND, MEMORY BLANK

Shock of San Francisco Catastrophe Believed to Have Destroyed His Recollections

WATERTOWN, N. Y., Oct. 8.—Lieut. Louis E. Caulfield, formerly of the United States Army, returned to his mother's home today with a mind blank concerning his past life. Friends and relatives believe he was hurt in the San Francisco earthquake, and that the shock destroyed all recollection of his previous life. The lieutenant was discovered in Hartford by a brother. Caulfield denied knowing him and it was only after a slow process of recalling old scenes that he began to get a grip on his truant mental machinery.

During the Spanish-American war he served in C Company, Ninth Infantry. Out in the Philippines he won a commission. Ordered back to this country he reached San Francisco six days before the earthquake. All trace was lost of the officer. His family took it for granted he had perished in the earthquake.

Lieut. Caulfield is now 43 years old. He has written to some of his old officers with a view to finding out what destroyed his memory so suddenly and of again getting into the service. He intends to enlist as a soldier if he can't get restored to his old rank.

The Post-Dispatch is the only evening newspaper in St. Louis that receives or publishes news gathered by the Associated Press.

MISSOURI HILL COUNTIES BACK UP THE PRESIDENT

Resolution, Passed by 2000 At Bunker, Condemns All Opposition to Him.

SLAP AT REED AND STONE

Gov. Gardner Makes Address to Audience From Iron, Reynolds, Dent, Wayne and Sheridan.

BUNKER, Mo., Oct. 9.—Resolutions condemning all persons who fail to support President Wilson in his war policies, and manifestly aimed at United States Senators Stone and Reed, were adopted here yesterday at a meeting attended by more than 2000 persons from five Southeast Missouri counties.

Gov. Gardner was the principal speaker, and after he had delivered a patriotic address, the resolutions were read by Arthur T. Brewster of Iron, Iron County, and amid cheers were adopted. The audience included men, women and children from Iron, Reynolds, Dent, Wayne and Shannon counties, the hill counties of Southeast Missouri.

State Senator Carter M. Buford of Ellington, Reynolds County, presided. O. L. Munger of Piedmont, Wayne County, was the first speaker. He was followed by Gov. Gardner, who, in addition to outlining the causes which resulted in the United States entering the war, made an appeal for good roads, urging the use of convict labor. Reynolds County soon will vote on a bond issue for good roads.

The resolutions adopted were: "We, the citizens of Reynolds, Dent, Shannon, Wayne and Iron counties at Bunker, Mo., assembled, well knowing and realizing that the war was inevitable, and that our national victory will result in the freedom of all oppressed people; therefore, be it:

"Resolved, That we most heartily indorse the President of the United States and all those laboring with him in the progress now made in the prosecution of the work of this world war. We also heartily indorse the patriotic administration of Gov. Gardner, the State, city and county councils of defense and various registration and exemption boards and all those men and women who have so untiringly, faithfully and efficiently labored in behalf of the Red Cross and the Liberty loan and all other organizations which are laboring to the end that Missouri shall do her part to aid the nation in this, her hour of peril and need.

"And we also unequivocally condemn every man, organization or institution which seeks in any way to oppose or hinder our President and his administration in the wonderful work of preparedness to victoriously end the war and thereby safeguard the world for democracy."

LLOYD GEORGE CARRIED WOOD AND TURNED CHURN AT FARM

Found Time in Spite of Daily Conferences With Allied Leaders On Conduct of War.

LONDON, Oct. 9.—For the last five weeks, says the Central News, Lloyd George's headquarters, at Premier, have not been at 10 Downing street, but at Great Walstead, a charming old Sussex farm surrounded by acres of meadow, wood and park land, and accessible only through a maze of rural lanes. There is no harm in revealing the secret, now Lloyd George is no longer there, nor is Gen. Smuts, nor Baron Sonnino, nor M. Painleve, nor M. Thomas, nor Lord Milner, nor Sir William Robertson, nor any other of the towering personages who during the last week or two have discussed world affairs and taken epoch-making decisions under that now historic roof.

The servants had no need to carry wood for the drawing room when Lloyd George was at Great Walstead. He made that his particular task and a big pile of branches testify to the Prime Minister's industry.

The dairymaid on the farm taught the Prime Minister to manage the cream separator and tempted him to try the beneficent effect on a tired brain of turning the churn.

"A very nice homely man," is the verdict of Kezia Neale, the housemaid.

MAN SUPPOSED TO HAVE BEEN DROWNED IN 1915 IS ARRESTED

NEW ORLEANS, Oct. 9.—Operatives of a national detective agency last night arrested a man whom they said admitted he was Frederick Roe Searing of Philadelphia, supposed to have been drowned at Atlantic City in August, 1915. Searing was charged with conspiracy to defraud and will be taken to Philadelphia, it was stated.

According to the local manager of the detective agency, Searing, a prominent contractor and builder of Philadelphia, donned a bathing suit, entered the water at Atlantic City one afternoon and failed to return to the beach. Insurance companies refused to pay the amount of the policies to Mrs. Searing, claiming there had been insufficient proof of death. Mrs. Searing, according to the agency manager, entered suit for \$15,000 against the insurance companies.

Searing, according to the local authorities, came to New Orleans last March, was known as Frederick Reynolds, and was employed by a contractor as superintendent of concrete construction. Searing, it was stated, expressed a willingness to return to Philadelphia.

AMERICANS STUDYING IN ENGLAND FOR AIR SERVICE

Six Detachments of Soldiers Are Qualifying as Mechanics and Observers.

LONDON, Oct. 9.—Six detachments of American soldiers are now in various camps in England qualifying as mechanics and observers for armen. Most of them have been told they may become pilots if they prove their fitness.

The Daily Mail says the Americans are a little impatient about the delay.

liberate methods of the English training schools, and are anxious to get to the battlefield. They want to fight, but not to become professional soldiers, added the Mail. While they obey the rules of discipline they do not profess to admire them.

For instance, one soldier confessed "we temper custom with judgment. We don't go down the street salute hunting. If an officer looks tired of raising his hand we don't butt into him."

What's New in the Realm of Fashion

Creme Meteors for afternoon and evening wear are Fashion's favored fabrics—its scarcity endears it perhaps, to the feminine heart. It is here in abundance in these subdued, lovely colorings—taupe, Burgundy, midnight and navy blue, African and seal brown—40 inches wide—priced \$2, \$3 and \$4 a yard. (Main Floor.)

The New Broadcloth Military Collars are fascinating to behold with their trimmings of gold braid and brass buttons in tasteful moderation. Very much in keeping with the times are these pretty articles of cadet blue and white. Priced \$2.75 and \$3.50. (Main Floor.)

Only the Artful Needle of the Filipino woman could have fashioned the crepe de chine Nightgown seen in the Undergarment Shop, hand embroidered with the richness and beauty of design that these patient needlewomen are so noted for. It comes in flesh and sky blue. Priced \$13.50. (Fourth Floor.)

Dainty new toggery for the little tot in long clothes arrives daily. Fluffy Dresses of silken fine nainsook embroidered and lace trimmed—so pretty that they seem "mother made." A tableful of tiny garments trimmed with pink ribbon knots. Priced 69c to \$2.75. (Fourth Floor.)

Satin, Broadcloth, Faille and Pique Vests with stock collars lend an air of fineness to the street suit or dress; the contrasting buttons and pipings of some are especially pretty. Priced \$1.50 to \$5.00. (Main Floor.)

The Oriental Art Panel Hand Bags are mazes of exquisite pastel shades. Jade rings, silken tassels make these the things of beauty that they are. Priced \$4.50. (Fourth Floor.)

Recent importations from the far-away Madeira Islands bring us Tray Cloths of patterns varied and beautiful. Highly economical and appreciated as gifts. All sizes. Priced 35c to \$3.75. (Fourth Floor.)

OFFICERS MOVED IN MERGING OF GUARD ASSIGNED TO DUTY

Ten Men Affected by Consolidation Given New Posts at Camp Doniphan.

TROOPS IN GOOD SHAPE

Week of Training at Fort Sill Has Had a Beneficent Effect on the Guardsmen.

Special to the Post-Dispatch.
CAMP DONIPHAN, Ok., Oct. 9.—Ten officers of the 138th Infantry, who had been on the unattached list since the consolidation of the First and Fifth Missouri Regiments, have been assigned to duty by regimental special orders. Maj. James L. Barngrove is assigned as summary court officer, Capt. William E. McGaughey as ordnance officer, Capt. Robert W. Fullerton Jr. as engineer officer, Capt. John F. Oberwinder as canteen officer and Lieuts. Gerald C. Barnes, H. Clarke Venable, Roland E. Rhinholdt and Joseph McMahon are assigned to duty with the headquarters company. Lieuts. Clarence W. Schnell and Frank B. Avery are assigned as Battalion Adjutants. Schnell goes to the Third Battalion and Avery to the Second. Twelve national army officers attached to the regiment were detailed to various companies to act as instructors in bayonet exercises.

A five-mile hike, followed by squad drill and bayonet exercises, constitute today's program. A week of training has had good effect on the guardsmen. The men are in fine spirits. The soldiers have been taking first lessons in the pitching of the small shelter tents. Two men occupy the Puck tents and each carries half of the equipment. The halves button together and are stretched over a rope suspended from two poles. The difficulty is not so much in the proper pitching of the tents as in learning the proper distances from tent to tent so that the completed camp will have a regular appearance.

The scientific study of rifles has begun. It is not considered sufficient for the soldier to know how to insert the shell and pull the trigger after getting what he thinks is a sight on the enemy. Nomenclature of the various arms is carefully studied. When the course is completed the recruit will know the relation of the different parts of the rifle and will be able to take it apart and assemble it again with accuracy and speed.

Members of the Second Missouri Infantry, which has been reorganized into three machine gun battalions, will be drilled in the nomenclature and care of pistols and machine guns. Position and aiming drills will be included as in rifle instruction. The full equipment of machine guns has not been issued, but units having the guns will receive the instruction.

Investigation into the death of William Whitney, service car driver, who was killed near the old post of Fort Sill last week, has not caused any arrests among the soldiers of Camp Doniphan or Fort Sill. On the night of the killing every soldier in Fort Sill and Camp Doniphan was roused from bed and his clothes examined for blood stains. Nothing developed from this, however, and a coroner's jury has returned a verdict of death at the hands of persons unknown.

H. L. EADS LOSES SUIT AGAINST STIFEL FOR POLITICAL WORK

Judge Holds Contract for Salary for Influencing Voters Cannot be Enforced in Courts.

Circuit Judge Taylor, acting yesterday in the \$1250 suit of Henry L. Eads of Phoenix, Ariz., against Otto Stifel, St. Louis brewer and Republican political leader, ruled that a contract between politicians, by which one is to receive pay for his political influence, is against public policy and cannot be enforced in the courts.

The ruling was on motion of Stifel's counsel, who contended that the contract which formed the basis of the suit was void. The Judge took the case from the jury. Eads, who was formerly a State Senator from Davies County, Mo., testified to a verbal contract by which he was to receive his expenses and \$100 a week from Stifel for working in Northern Missouri in the interest of Taft's renomination for President in 1912. Eads said he spent 14 weeks on the job, but all he got from Stifel was his expenses and \$150 in salary. He produced a telegram in which Stifel offered to send him \$500 in settlement.

Judge Taylor said that the law recognizes the right of one person to exploit the candidacy of another for office, but it must be without pay. Eads' testimony, the Court stated, showed that the agreement between him and Stifel was a bargain by which the plaintiff was to receive pay for trying to subvert the will of delegates to a political convention for his own will.

Sentenced Man Shakes Hands With Judge.

When Steven H. Pohl, 24 years old, was sentenced to five years in the penitentiary in the Circuit Court at Clayton yesterday for robbery he shook hands with Judge Wurdeman and said: "Maybe after five years in the pen I'll learn a lesson." He had pleaded guilty to holding up Louis Schults of Benton Aug. 30 and robbing him of \$4.

Have you lost your Make-Believe?

Come on—let's go!

We'll see a picture-play—and a good one.

We don't even know the title of it—we don't happen to care this time.

We do know a theatre that advertises under the Paramount and Artcraft trademarks—and we know that means "famous stars superbly directed, in clean motion pictures."

Paramount and Artcraft Pictures

FAMOUS STARS, SUPERBLY DIRECTED, IN CLEAN MOTION PICTURES

What an illusive thing it is you are paying for and giving your time to! Phantoms dissolving to nothing at all when the light snaps off.

Is it? It's nature, sunshine, laughter, love, life!

What do you really see as you sit there in your chair unconscious of others in their other chairs all round you?

Not the illuminated screen, not the beam of brilliance from the camera up above—no, not the moving lights and shadows of the photograph itself—not the picture at all, but the story the picture tells.

You live it.

For that one hour or two you live a different soul—likely in a different land, quite possibly a thousand years ago. Maybe you half realize after a while that your tongue is dry. Sometimes your eyes grow moist—with sympathy or mirth, no matter. You don't know it. You've lost yourself—and good riddance for a bit.

You are living the romance that makes this work-a-day world well worth while after all. You are adventuring, struggling, over-coming, avenging, forgiving, laughing, hating, loving.

And when the story ends, you walk out into the blazing real world—but you are for quite a while a good deal younger and a sight more human!

That's you, isn't it? There are fifteen million others just like you in that one thing.

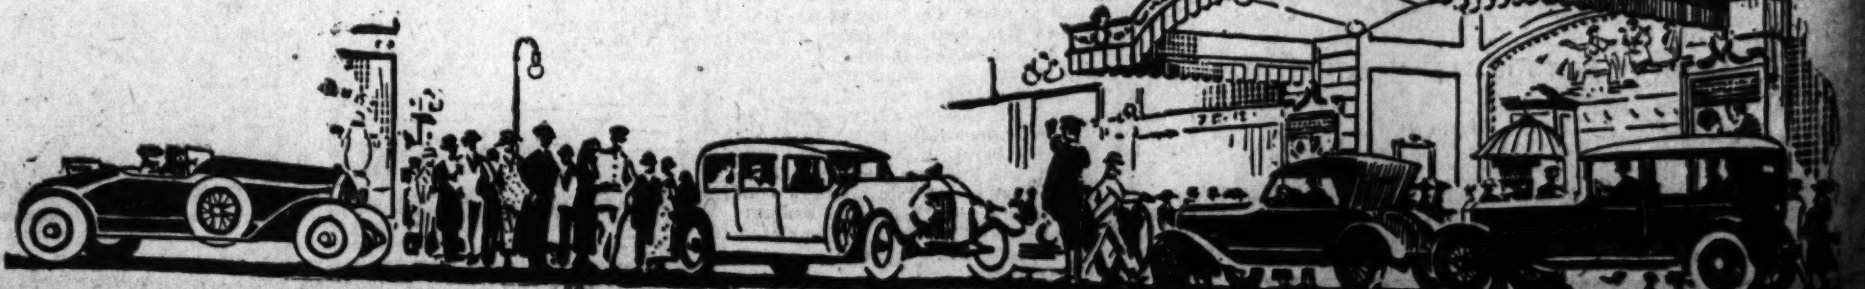

But there are twenty million others who are missing it, and this message is not to you at all, but to them.

Of course you want to see Paramount and Artcraft pictures—the best the motion picture art affords. Paramount pictures give you the motion picture in all its varied forms—great feature plays, and stars, master comedies, weekly magazines and travel pictures. Artcraft pictures give you the feature play developed to its apex—famous stars of screen and stage in pictures worthy of their talents.

If it happens that the theatre around the corner has not yet gotten around to showing Paramount and Artcraft pictures—it will, if you ask for them. Because the motion pictures bearing those famous trademarks—Paramount and Artcraft—are now available for every good motion picture theatre in the land. They are produced for you—see them

There's a theatre in YOUR neighborhood showing Paramount and Artcraft Pictures. SEE THEM TONIGHT

FRENCH SENATOR EXPLAINS FINANCIAL AID FROM BOLO

Humbert Points Out Payment of 600,000 Francs Was Merely to Enable Him to Cancel Debt.

PARIS, Oct. 9.—Senator Humbert in the Journal, in reference to cablegrams from New York to Bolo, points out that the payment of one million francs on Jan. 31, 1916, was simply to enable him to pay back money he had borrowed from the Lenoir company the month before to the Lenoir company for their share in the Journal. Humbert originally, the Journal said, that the balance of 4.5 francs was to be met by installment and it was not until he found himself called upon to provide a lump sum that he accepted assistance.

It also appears, the Senator said, that Bolo used his contract with the Journal for the purpose of extracting from Germany, the first payment from Bolo being on March 13, six after he signed the contract Senator Humbert.

CHILD GETS SICK CROSS, FEVER WHEN CONSTIPATED

Look at tongue! Then give laxative for stomach, liver, bowels.

"California Syrup of Figs" is harmless and they love it.

Mother! Your child isn't as cross and peevish. See if tongue coated; this is a sure sign of stomach, liver and bowels cleaning at once.

When listless, pale, feverish, of cold, breath bad, throat doesn't eat, sleep or act natural stomach-ache, remember, a stomach and bowel cleansing should be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ill-health, teething, and in a few days the waste bile and fermenting which is clogged in the bowels out of the system and you will and playful child again. Children love this harmless, d "fruit laxative," and it never effects a good "inside" clean. Directions for babies, children, ages and grown-ups are plain on the bottle. Keep it handy in your home. Little given today saves a great tomorrow, but get the genuine your druggist for a bottle of "California Syrup of Figs," that it is made by the "California Syrup Company,"—ADV.

Miller's Antiseptic Oil Known as Snake Oil

Will Positively Relieve Pain Minutes.

WHEN CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the waste bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious fruit laxative, and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—ADV.

Snake Oil

Will Positively Relieve Pain in Few Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and aching joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears almost as if by magic.

A new remedy used internally and externally for Coughs, Croup, Sore Throat, Diphtheria and Tetanus.

This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickened piece of sole leather and it will soon be as soft as butter.

Accept no substitute. This great oil is sold in color only. Every bottle guaranteed 25c, 50c and \$1.00 a bottle, on money refunded. Write to Dr. J. C. Johnson, Drug Co., 1001 N. 2nd St., St. Louis, Mo. ADV.

Dr. J. C. Johnson, New
and Medical AuthorEVERY WOMAN
EVERY MOTHER
NEEDS IRON
AT TIMES

To put strength into her nerves and color into her cheeks.

There is a beautiful, healthy, well-colored woman without iron. The trouble in the man has been that when women need it, they get it in the wrong way. They take iron pills, which often do more harm than good. Today doctors prescribe organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not blacken the teeth, nor does it cause constipation. It will increase the strength and energy of weak, nervous, irritable, overworked, harassed-looking women. 30 percent in two weeks' time in many instances. Use with care. Write for booklet with most surprising results.

MISS ZOLA BRASHEAR
IS ENGAGED TO WED

Parents Announce Betrothal to Lieut. William F. Freehoff, Stationed at Fort Crook, Neb.

MRS. AND MRS. A. R. BRASHEAR, of 5734 Vernon avenue, have announced the engagement of their daughter, Miss Zola Brashear, to Lieut. William Freehoff of the Forty-first Infantry, stationed at Fort Crook, Omaha, Neb. No date for the wedding has been set. Miss Brashear has just returned from visiting her sister, Mrs. E. G. Sherburne, wife of Capt. Sherburne, at Fort Snelling, Minn.

Miss Brashear was graduated from Mary Institute and finished her education in the East. She made her debut several seasons ago, and has been very popular. Her sister, Miss Kate Brashear, who has been the guest of Mrs. H. R. Eldridge in New York, arrived home yesterday. A brother, W. Rector Brashear, is with an ambulance corps in France.

Social Items

Mrs. W. Arthur Stickney of 4935 West Pine boulevard departed at noon yesterday for a fortnight's visit to her mother in Boston.

Mrs. Halsey Bennett of Little Rock, Ark., is the guest of Mr. and Mrs. J. G. Hollenbeck of 4509 Washington boulevard.

Mrs. Hugh Murray French of 4327 Washington boulevard has issued invitations for a reception Friday afternoon in honor of her daughter-in-law, Mrs. Dudley French, who is the guest of her parents, Mr. and Mrs. Charles Clafin Allen of 3727 Westminister place, while her husband, Lieut. French, is in France.

Mrs. Albin K. Schoepf of Cincinnati, with her baby daughter, arrived Tuesday to be the guest of her parents, Mr. and Mrs. Alvan B. Goodbar of 5629 Cates avenue, for several weeks. Mr. Schoepf is at Fort Benjamin Harrison in the Officers' Reserve Corps.

Mrs. Howard Williams of Davenport, Io., is the guest for a few days of Mr. and Mrs. William C. Maxwell of 5922 Clemens avenue.

Mrs. Guido Pantalone of 15 Lenox place returned last week from Choctaw, N. H., where she spent the summer. Her son, Guido Pantalone Jr., entered Harvard for the coming year and Raoul entered a preparatory school in Boston.

The Mercantile Club entertained last night with a dinner-dance which was the club's formal opening of the season. More than 200 guests were present. The large ballroom which recently was completed was used for the occasion.

The engagement of Miss Harriet Scott Johnson, daughter of Mr. and Mrs. Thomas Barbee Johnson of Nashville, Tenn., to Harold Alexander Osgood of St. Louis, has been announced. Miss Johnson is a niece of Mrs. Dorsey Jamison of 6300 Washington avenue, and has been her guest on several occasions. Mr. Osgood is a Harvard graduate and is assistant to the vice president of the Wabash.

Miss Alberta G. Holdaway, daughter of Mr. and Mrs. Edwin E. Holdaway of 1521 Missouri avenue, and Robert Severin, were married last night at 8 o'clock at the home of the bride's parents. Rev. W. F. McMillin officiated. Miss Jean Houston was maid of honor and William Holdaway, brother of the bride, acted as best man. A reception followed the ceremony, after which Mr. and Mrs. Severin departed for a wedding journey. They will be at home upon their return with the bride's parents.

Mr. Jacob Mahler's Dancing School, 4911 Washington bl., opens Oct. 24.

Miss Carrie Mitchell of 4586 Gibson avenue entertained Saturday night in honor of Miss Justine Marquardt of Sturgis, Ky., who is the guest of her sister, Mrs. H. A. Rathbun of 1362 Montclair avenue.

Mr. and Mrs. Morris Greenblatt of 1366 Shawmut place have announced the engagement of their daughter, Miss Anna Greenblatt, to Abe Wolff, son of Mrs. Rose Wolff of 1205 Oakley place.

Auto Knocks Down Two Women.

Mrs. Margaret Zwicke, 33 years old, of 1538 South Broadway and Mrs. Margaret Simpson, 31, of 1641 South Third street were knocked down last night at Seventh street and Lafayette avenue by an automobile driven by Sidney S. Yeckel of 4513 Arsenal street. They were cut and bruised. Yeckel was arrested.

Steamer Reported Sunk Is Safe.

AN ATLANTIC PORT, Oct. 9.—The British steamer Tamaqua, which was reported to have been sunk off the Irish coast on Sept. 29 by a submarine, arrived here yesterday.

VIENNA CHRISTIAN SOCIALISTS
HOLD PEACE DEMONSTRATION

Councillor Says Nation Is Longing for the End of War, "But Not at Any Price."

AMSTERDAM, Oct. 9.—A dispatch from Vienna describes an imposing peace demonstration by the Christian Socialist party in the town hall Sunday. Thousands of persons were present. Prince Alois Lichtenstein, president of the lower Austrian Diet announced the meeting had been convened out of gratitude to the Pope and the Emperor and demand an agreement and general disarmament and arbitration as outlined in the recent speech of Count Cernin, the Austro-Hungarian Foreign Minister.

"We offer our hand for an honest peace," said Prince Lichtenstein, but if it is respected we shall seize the sword, which, as hitherto, with God's help, will decide in our favor."

"We are assembled," said Councillor Kunschok, "to declare how warm and glowing are our longings for peace. But the leading men in enemy states must be warned against rawing false conclusions from this admission. We want peace, but not at any price."

He expressed suspicion of President Wilson's demand of a democratized Europe because America herself was far from real democracy.

Jewelry Worth \$900 Is Stolen.

Jewelry valued at \$900 and \$52 in cash stolen yesterday afternoon from the home of Mrs. M. Sandperl, 6861 Washington boulevard, in the absence of the family.

CHINESE COOLIE LABOR
FOR FARM PROPOSED

Speakers Before Mining Engineers Make Suggestion; Unions Would Oppose It.

As a means of supplying labor to farms and industries for the period of the war, of which there is now a serious shortage, the importance of Chinese coolies under contract with the United States Government was proposed by Robert W. Hunt of Chicago, a widely known engineer, and Sidney Jennings of New York, engineer and coal operator, in their addresses before the banquet of the American Institute of Mining Engineers at the Planners' Hotel, last night.

Hunt said he believed it possible for this country to enter into a treaty with China to import Chinese farm labor, the shortage of which, he said, was the underlying cause for the high cost of foodstuffs in this country. He said the plan doubtless would be opposed by union labor, which opposition would have to be eliminated before it could be carried out.

Would Involve Law Amendment.

His plan was to pay Chinese farm hands the same as American farm hands and any difference between this wage and their contract with the Government could be applied to a war fund. The proposition to

admit coolies already has been laid before President Wilson and his Cabinet by H. M. Wilson of Washington, a mining engineer, but he has been informed the plan would involve the amendment of the Chinese exclusion laws.

Jennings said he had visited heads of Chinese companies in California and that he was assured they would co-operate with any plan to relieve labor shortage. Wilson said the farmers of California were favorable to some such plan for the importation of Chinese labor, the only dissenting ones being the representatives of union labor.

Among the other speakers at the banquet were Dr. Henry M. Amd, an attaché of the British embassy at Washington; Capt. Edward de Billy of France and Pedro F. Foss, chairman of the Russian mission, sent here to study mining conditions; T. A. Richard of San Francisco, F. W. de Wolf of the United States Geological Survey and F. M. Ludlow of Pittsburgh.

At yesterday's session of the War Minerals Committee, which represents the Government in the production and conservation of minerals necessary to a successful prosecution of the war, urged the engineers to turn over to the committee immediately all information they have concerning the location of new deposits of minerals and the development of the present mines.

A telegram was received during the day from Herbert Hoover, Food Administrator, expressing regret at not being able to attend the meetings. His message ended with the admonition: "We must all save, serve and sacrifice."

Following the morning sessions to

day the engineers boarded an excursion boat at noon and departed for Herculaneum, Mo., to visit the lead plants in that vicinity. Sessions are to be held during the trip for discussions on war mineral conservation.

Snow Falls at Superior, Wis., Superior, Wis., Oct. 9.—The ground was white this morning with the first snow of the winter. Rising temperature, with rain, caused it to vanish early.

Pacifists Cancel Meeting.

SIOUX FALLS, S. D., Oct. 9.—Under a renewed threat of State officials to prevent forcibly meetings of pacifist organizations in South Dakota, leaders of the People's Council of America for Democracy and Peace abandoned plans for a State conference here Wednesday. Secretary William C. Remppel, in a statement scoring "Kaiser" (Gov.) Norbeck, declared the delegates would meet privately here to decide upon future plans.

FIVE RIFLES IN FRANCE FOR EACH U. S. SOLDIER

Secretary Baker Says They Are Being Turned Out 100,000 a Month; Soon Will Be 200,000.

HARRISBURG, Pa., Oct. 9.—Secretary of War Baker, addressing the annual meeting of the Harrisburg Chamber of Commerce, last night declared that the manner in which the business men of the country had gathered to the support of the National Government in its supreme emergency of war was making "a stronger nation, a greater democracy and a greater hope for mankind."

The Secretary said he wanted the business men to know he was proud to pay the tribute and that, as a result, the nation would become a wonderful world factor for peace after the war.

"I believe that under the example of America we will be able to make such arrangements that war will give place to the virtues of peace for many years to come," said the Secretary. He praised Congress for creation of the Council of National Defense, which he said had prepared the country's resources, and said that when the fearful hour struck the business men, voluntarily and en masse, assembled to give their best. This, he said, had cleared away over night existing distrust between business and Government.

The National Guard and the military resources of the States had formed with the regular army and West Point a nucleus of a fighting force that will, before long, number more than 1,300,000 men. Reviewing the organization of the National Army, Baker said that it had been done by a nation totally unaccustomed to war, but which had not only subjected itself to a selective draft, but had diverted its industries into many unaccustomed lines of production. "Even Germany was never able to do this," he declared.

"Let me say to you that when our army takes its place abroad it will be armed as well as any and better than most," Baker declared. He said that for every soldier abroad now there were five rifles in France, and every regular and national guardsman at home has a rifle, while the stream of rifles, now 100,000 a month, soon will be 200,000.

The young men in the army, said Baker, will be surrounded by safer conditions than ever known before. This had been done by adopting "the wholesome spirit of the youth of America," remarked the Secretary, who said the curative policies of the colleges had been put into force. "We are making a wonderful army. We are making it by American processes. We are going to have a very, very low sick rate," he said.

The Secretary said there had been no Aladdin's lamp or fairy wand about the building up of the equipment and ordnance supplies and the launching of a great shipbuilding program, or the start on the immense airplane construction. What has been done has been accomplished through hard work and the mobilization of American inventive and business genius. The speaker declared there was no doubt that America was next on the German program, and said "we must win this war or admit democracy a failure."

RAIL EXECUTIVE TO DIRECT CATHOLIC WAR WORK ABROAD

Walter N. Kernan Becomes Commissioner for Knights of Columbus With American Overseas Army.

WASHINGTON, Oct. 10.—Walter N. Kernan has resigned as vice president and general counsel of the New York State Railways and Mohawk Valley Co. to devote himself to the work of the Knights of Columbus Committee on War Activities in Europe. Mr. Kernan has sailed for England, and after a few weeks spent in that country, will go to Paris where he will establish offices as Knights of Columbus Commissioner with the American overseas army.

Mr. Kernan will have complete charge of the foreign work which the Knights of Columbus have outlined and which will be identical with the work which that organization, as the representative of the Catholic people of the United States, is doing for the soldiers in the encampments and cantonments of this country. Mr. Kernan's Paris headquarters will have a complete staff of assistants, and nearly 100 field secretaries. While in England Mr. Kernan will arrange recreation work for British soldiers.

24 LABOR COMPANIES OF NEGROES WILL BE FORMED

Army Orders Authorize Voluntary Enrollment of Drafted Men or Voluntary Enlistments.

WASHINGTON, Oct. 9.—Army orders today authorized immediate organization of 24 labor companies "by voluntary enrollment of conscripted colored men after the mobilization" or, if sufficient men are not obtained in this way, by voluntary enlistment of negroes.

Each company will have four white officers, a Captain, two First Lieutenants and a Second Lieutenant and 200 enlisted men. Negro noncommissioned officers will be obtained by transferring qualified men from the Ninth and Tenth Cavalry and the Twenty-ninth and Twenty-fifth Infantry of the regular army.

BRITAIN ASKS FOR AID IN GETTING OIL FOR ITS NAVY

American Government Probably Will Commandeer Number of Tankers.

WASHINGTON, Oct. 9.—The British Government is so much concerned over difficulties in obtaining fuel oil for its navy, it has asked its representatives here to take up the subject with the American Government to obtain assistance in transporting supplies.

The subject will be discussed at a conference here tomorrow among Sir Frederick Black, the Shipping Board and the navy officials and American oil producers. The shortage of ocean tonnage, it is said, has made the situation acute. The American Government has agreed to furnish as many tankers as it can to help increase the supply.

British representatives here say their Government cannot divert more tankers now for navy uses. The Shipping Board probably will commandeer a number of American tankers for British use.

HOW FAT FOLKS MAY BECOME SLIM

To be overweight is humiliating. Style and fat folks are strangers. Therefore, people who are carrying around a burden of unhealthy and unsightly fat will be glad to know how they may reduce their weight without starvation diet or tiresome exercises.

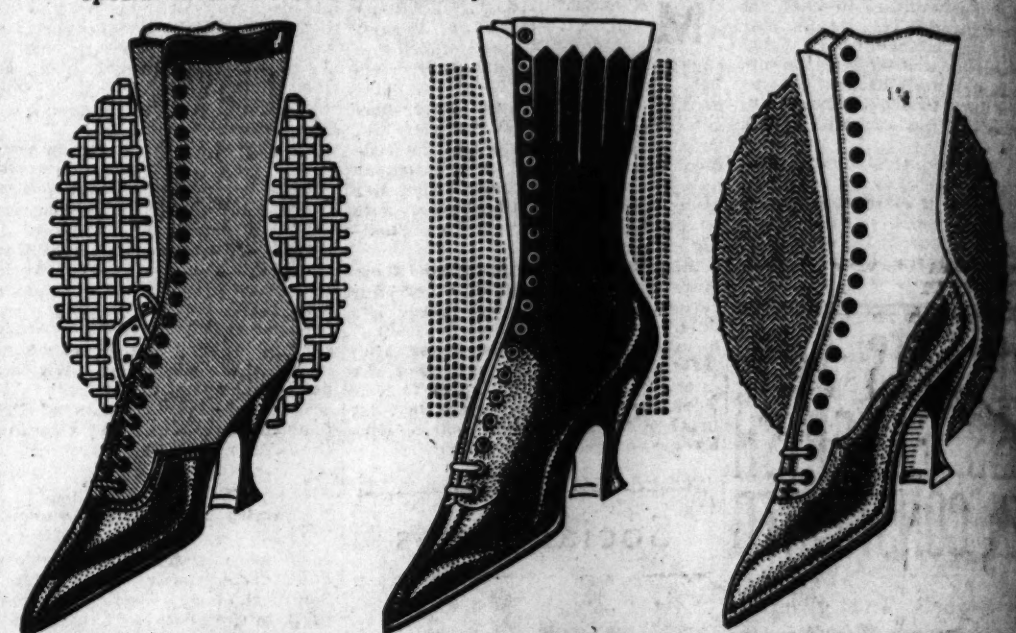

If you want to get rid of superfluous fat in a simple, safe and reliable way here is a test worth trying. Spend some time in the open air, practice deep breathing and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night; also follow the other simple directions that come with the box.

Weight yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment, or even skip a single dose, until you are down to normal weight, so that you feel and look wonderfully younger and healthier.

Every person who is too fat should give this treatment a trial. You will probably find it is just what you need. Amaze your friends!—ADVERTISEMENT.

**Garland's
Important Sale Wednesday of
300 Smart New Fall Suits**

A Special Purchase Offers the Very Latest Fashions at Two Special Prices

\$25 and \$39.50

Suit days are upon us—Suit styles have assumed definite shape. Women everywhere are thinking of suits—admiring them—buying them—and they know what they want.

They like the closer skirts, the longer coats, the trim tailoring, the high collars, the tight sleeves.

In these two special sale lines at \$25.00 and \$39.50 all these new features are cleverly combined.

Suits that reflect the happiest and most individual Fall fashion phases. New styles, not shown before, which give additional interest to our superb stock.

Silvertones, Gabardines, Burellas, Velours, Serges, Poplins, Broadcloths; carefully tailored into smart lines that are at once impressive.

Fog gray, wine, taupe, brown, navy and black are among the wanted colors. Silk braid, fur, plush and velvet are features of trimmings.

**\$20 and \$22.50 Suits
\$14.95**

100 of these by the special purchase route at a big reduction from the manufacturer's regular price. To these we have added 100 from our regular \$30 line, to make the variety more complete. Serges, poplins and gabardines, in navy, green, brown and black; long and medium coats, tailored and semi-fancy; sizes to 44 bust.

**Dresses--Special
\$16.95**

An even 200 Dresses (at this writing) in this group—and about half of them are worth \$25.00 and \$30.00. None of the other half worth less than \$20.00.

SERGES that everybody wants and of which most stores have but few.

SATINS that are equally popular, and more so for the mere dressy occasions.

TAFETAS that many prefer to either Serge or Satin, and that are always dependable. A dozen or more styles of each, in sizes for misses and women.

Attractive Coats

\$39.50 \$59.50 to \$150

Featuring the chic Silhouette of fashion—the breezy flare—the loose form—enveloping style, developed in Silvertone, Velours, Bolivia, Pom Pom and Novelty fabrics, with new and clever treatments of pockets, belts, collars and fur trimmings.

Special attention is directed to the original models by Douillet, 24 Place Vendome, Paris, whose styles we control for St. Louis.

ST. LOUIS STRIKE OF JEWELRY WORKERS BECOMES GENERAL

Disaffection Spreading Throughout Country as Efforts of Employers Fail to Bring Compromise.

The strike of jewelry workers, which has been spreading for the last two weeks, is now general in St. Louis and is linked up with a strike which virtually is nation wide, affecting New York, Chicago, Milwaukee, Detroit, Cleveland, Newark and other jewelry manufacturing centers.

The men demand a 20 per cent increase in wages, recognition of their union and other concessions. Efforts of employers to bring about a compromise have failed and there appears to be a disposition to fight it out. As the supply of jewelry workers is limited, the places of the strikers will be filled by defections from their ranks and by intensive training of apprentices.

OFFICE OF TAX COLLECTOR

I wish to call attention of taxpayers to the fact that tax bills for the year 1917 are now due and in hands of Collector. Parties are earnestly requested, particularly where divisions are to be made, to send for statements, giving description of all property, enclosing postage for reply.

JOHN M. HANNIBAL, WEALTHY ICE MAN SUED FOR DIVORCE

Secretly Married 3 Years Ago, After His Daughter Became Bride of Wife's Son.

Mrs. Myrtle Mullen Hannibal, 40 years old, yesterday filed suit to divorce John M. Hannibal, 55, a wealthy North St. Louis ice dealer, with whom she figured in a secret marriage, the revelation of which gave them much publicity about three years ago. Before that marriage she was the widow of Michael Mullin, an undertaker.

Mrs. Mullen and Hannibal were married the day after her son, Lawrence, married his daughter, Mary.

Wedding a Secret 3 Months.

The elder Hannibal and his bride did not announce their marriage until April 14, 1914, after keeping it a secret three months. He said at the time that he had purchased a \$25,000 home at 5295 Waterman avenue as a wedding gift to his wife.

In her petition Mrs. Hannibal alleges her husband was "sullen and morose" and that it is necessary to her health and happiness that they live apart. No date of separation is mentioned. Mrs. Hannibal asks that her former name, Mullen, be restored.

Hannibal has six sons. He is president of the Hannibal Bros. Ice and Fuel Co. and has other business and banking interests. His wife has two sons and a daughter.

When Hannibal and Mrs. Mullen married he became the stepfather-in-law of his own daughter and she became the stepmother-in-law of her own son.

Former Rumors of Separation.

There were rumors of a separation last October, when it became known that Mrs. Hannibal had left her home and remained away 11 days and that Hannibal had put most of the furniture of their home in storage, although he continued to live there. Hannibal at that time said his wife had gone to a winter resort.

In the current Bell Telephone book Mrs. Hannibal is entered under her former name, Mrs. Myrtle Mullen, and her address is given as 5295 Waterman avenue.

John L. Corley, attorney for Mrs. Hannibal, today told a Post-Dispatch reporter there was a separation about a year ago, when Mrs. Hannibal went to Florida. While she was away Hannibal sold the Waterman avenue home. After she returned there was a reconciliation and they went to live in an apartment at 5295 Waterman avenue. The latest separation, he said, was last week, when Mrs. Hannibal departed for California. Hannibal is at the Usona Hotel. He could not be reached for a statement.

GERMANS TEACH BULGARS THAT BRITISH EXTERMINATE CAPTIVES

Salonki Front Prisoner Nearly Faints When He Is Given Cigarette Instead of Bayonet.

LONDON, Oct. 8.—As evidence that the Germans have taught the Bulgarians that their lives will be forfeited if they are taken prisoner by the British, the following extract from a letter by a British officer on the Salonki front is published by the Daily Telegraph:

"When we rounded up 60 Bulgarians in an attack recently the poor wretches were utterly terrified. Two or three tried to drown themselves in a pond, while others knelt on the ground, making the sign of the cross and waiting an assassin's bayonet thrust or worse.

"One who was a real sportsman kept his head and made a desperate effort to escape, very nearly getting shot, until he saw it was useless and flinging down his rifle, surrendered to an officer. Beside this officer a Tommy stood watchfully in case the Bulgarian was up to any nasty tricks, and the latter, seeing this attitude and taking him for his appointed murderer, with a dramatic gesture threw back his head and bared his chest. He opened his shirt with both hands, then faced the soldier with the bayonet, whom he supposed to be waiting for the officer's word to run him through.

"Tommy's method of easing the tension was rapid. He brought out his packet of cigarettes and offered one to the Bulgarian.

"Up to this moment the Bulgarian had been as brave as a lion, but the offer of the cigarette in place of the end of the bayonet was too sudden a change in his outlook. He gave a gasp and sat down trembling, unable to light the cigarette at the match which the soldier was holding ready for him."

"Tommy's method of easing the tension was rapid. He brought out his packet of cigarettes and offered one to the Bulgarian.

WHITE HAIR BARRED SERVICE

LONDON, Oct. 8.—When Robert Welham, a white-haired man, 60 years old, was charged at Colchester with being an absentee from the Reading War Hospital, he produced his discharge papers, which showed that he bore a splendid character and had served 12 years in the army.

"My Colonel sent me back from France because I was too old; my white hair gave the show away," said the veteran. "I was patriotic and this is what I have got for it. I think they have done me a great injustice."

The bench heartily commended Welham, and released him.

BIG EATERS GET KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back Hurts.

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—ADV.

"Up to this moment the Bulgarian had been as brave as a lion, but the offer of the cigarette in place of the end of the bayonet was too sudden a change in his outlook. He gave a gasp and sat down trembling, unable to light the cigarette at the match which the soldier was holding ready for him."

"Tommy's method of easing the tension was rapid. He brought out his packet of cigarettes and offered one to the Bulgarian.

"Up to this moment the Bulgarian had been as brave as a lion, but the offer of the cigarette in place of the end of the bayonet was too sudden a change in his outlook. He gave a gasp and sat down trembling, unable to light the cigarette at the match which the soldier was holding ready for him."

"The Real Pianola"

How much of your music-self can you put into a player-piano? Upon that depends the pleasure you will get out of it. The Aeolian Company is the sole maker of the Pianola—a player-piano that makes you a musician, even if you don't know one note from another. For it gives you magic fingers of air that you can control. This subtle control that makes the keys responsive to your very music thoughts sets the Pianola apart from all other player-pianos. And you should not be content with a lesser player-piano when

\$50,000 Flood Relief Wires to China.
WASHINGTON, Oct. 9.—Fifty thousand dollars for the relief of flood sufferers in China was cabled yesterday by the American Red Cross to its workers in that country. It was announced that the entire \$50,000 suggested by Paul Reinsch, the American minister, would be sent in the near future. Dispatches report conditions worse than those attendant upon any other inundation in the country's history.

Allied Council Begins Session.
PARIS, Oct. 9.—The Council of the Inter-Parliamentary Commercial conference of the allies began a three-day session here yesterday to examine suggestions for economic measures to be submitted to the general inter-parliamentary conference of the allies which is to meet in London. Delegates are present representing Great Britain, France, Belgium, Italy, Portugal, Rumania and Serbia.

JULIA ARTHUR MOUNTS PEDESTAL OF LIBERTY

War Spirit Expressed in Two
Ways on Orpheum's Bill
This Week.

War spirit, in the abstract and in the concrete, gets a thorough expression at the Orpheum Theater this week. Julia Arthur furnishes the abstract part in her stirring recital from the pedestal of Liberty, and the concrete part is looked after in the Battle of Arras film, of which the second episode is shown.

The setting of Miss Arthur's act is most ambitious, and her own part is a daring one. It takes not only beauty, but dignity, to wear the halo of Liberty and hold aloft the torch that enlightens the world, and to keep such an impersonation from becoming mere "flag stuff." Miss Arthur does this without any vast help from the text furnished her. While her speech is written in a tone of earnestness and patriotism, it has not so much of the poetic quality as it might well have, and sounds almost like an improvisation. One line sounded as if it had been written for a Missouri audience. It was about "menacing a broken reed."

Miss Arthur is seen only in the robes of Liberty, and does not appear in khaki and puttees, as her advance photographs seemed to threaten. Viewed on her pedestal, she is very much like the Julia Arthur whom St. Louisans last saw at the old Century Theater in 1898, just before her long absence from the stage began. Her splendid voice, too, is unchanged. Yesterday's audience was very strongly impressed by her personality and her act.

Prisoners in Film.
In the second episode of the Arras pictures, "Fritz" gets before the camera. German prisoners are seen, first being driven before a retreating party of South African trench raiders, then passing before an examining British officer, and finally helping in the care of the wounded.

The trench raiding party is shown on its perilous dash toward the enemy lines, and those who watched closely saw at least one man fall. The tanks, in this picture, performed more feats than they have hitherto done on the screen, and showed their ability to span a trench and go beyond it. Their progress over rough ground is commonly termed "wallowing." Capt. Dolphin of the Canadian recruiting mission said in an explanatory talk:

The men in the trenches were seen building ladders, and at length going over the top in rather leisurely fashion. The enemy, it appeared, had abandoned his trenches in that sector, and later the British were seen reorganizing an enemy trench, and turning its defenses toward the Germans. Other features of the picture were the work of observation balloons, the use of wrecked buildings to conceal artillery, the firing of a 12-inch gun on a railway carriage, the shelling of a row of British guns by the Germans, a burial service near the front, and the employment of West African negroes as munition handlers.

Japanese Singer Charming.
Haruko Onuki, Japanese soprano, was the most attractive of the non-war features of the bill. Her odd, childish face added to the effect of her charming voice. A lullaby song was perhaps the most prettily sung of her numbers. The transition from romance to reality can be realized by anyone who hears her sing Tosti's "Good-bye, Summer," and then goes home and builds the first fall fire in his furnace.

"The Ruby Ray," performed by Hassard Short and three others, is a cocktail comedy. Put several parts of "Fair and Warmer" and a little of "The Boomerang" into a cocktail mixer, shake it well and you have this playlet. Ruth Royce, youthful singer, entertains chiefly with her jaw and her lower lip. Bonita and Lew Hearn amuse in much the fashion of former seasons, and two lively acrobatic acts are performed so near the footlights as to produce the life insurance of the musicians.

Billie Burke, Two Years Absent From Stage, Back in New Play.

NEW YORK, Oct. 9.—It may not be amiss to assume that "The Rescuing Angel" was written solely for the purpose of exhibiting under the most favorable surroundings and circumstances the pretty and always popular personality of Billie Burke, who is back on the stage, after an absence of two years. Rarely is there to be found a play so nicely adjusted alike to the strength and weakness of a feminine star as this little comedy, which was first seen at the Hudson Theater last night.

Since Clara Kummer, the author of "Good Gracious, Annabelle!" and "A Successful Calamity" of last season, accomplished the delicate work of adjustment, it may be guessed that "The Rescuing Angel," so far as it went, was entirely in the mood of humorous whimsicality. Its very perceptible poverty of situation was quite effectually concealed by the sparkle of well-written dialogue and the ingenuity of well-drawn characters—a combination which, if it did not give all the satisfaction of the author's two preceding plays, leads to a very enjoyable evening.

As for Miss Burke, she never seemed more charming or appeared to better advantage. She has gained poise during her absence. She realizes now, better than before, that English is a language to be spoken and not slurred—an essential which her sisters stars either forget frequently or never know. And in the mingled sunny and shadowy moods in which she is found, she is careful not to attempt what she cannot easily accomplish.

The habit of most playwrights has been to take seriously the mercenary heroine who marries in haste and repents at leisure. Miss Kummer prefers to take a whimsical view of this old situation, which is

the crux of "The Rescuing Angel," and there is a good deal of freshness in her handling of it.

So Angela, who has returned from Honolulu to find her family in threatened bankruptcy, promptly throws herself at the head of the millionaire whom she met aboard the ship, and as promptly marries him. She also as promptly leaves him when her girlhood sweetheart next door, in a fit of jealousy, explains to the suddenly won husband the cause of her quick decision, and drives him into a rage. Then she again as promptly engages herself to the second millionaire, who likewise was a ship acquaintance. A last

act still remains for Angela to extricate herself from her matrimonial tangle by deciding that her marriage, after all, was worth while for reasons of the heart rather than of the bank account.

SAYS RATE HAS HURT ST. LOUIS

WASHINGTON, Oct. 9.—Former Gov. Folk of Missouri, counsel for the Interstate Commerce Commission, concluded his arguments before the Supreme Court today in contesting the appeal of the Illinois Public Utilities Commission and 29 railroad from the ruling of the Interstate Commerce Commission that the interstate rate of 2.4 cents a mile must be applied between local points in Illinois, instead of the State's 2-cent rate.

Illinois cities were based on intrastate rates.

He declared traffic had been diverted from St. Louis because fares from Illinois points were based on the interstate rate while fares to

PROF. BEARD OF COLUMBIA QUILTS, ASSAILS TRUSTEES

Says University Is in Control of
Group Who Have no Stand-
ing in Education.

FREE SPEECH ADVOCATE

Supports War, but Was Disgusted
By Dismissals of Cattell
and Dana.

By Leased Wire From the New York
Bureau of the Post-Dispatch.
NEW YORK, Oct. 9.—Charles
Austin Beard, professor of politics
in Columbia University and a mem-
ber of the administrative board of
the Pulitzer School of Journalism,
resigned from the Columbia faculty
yesterday. He quit upon handing his
letter to President Butler.

In this letter Prof. Beard says he
has found the university to be in
the hands of trustees who have no
standing in the world of education;
that they are narrow and medieval
and that they have no conception
of a university's work in the advance-
ment of learning.

Close friends said last night that
the professor had been disgusted

with the action of the trustees in
dismissing Profs. Dana and Cattell,
not because he held their views, for
he does not, but because he does
not believe the trustees had the right
to discharge any man for free
thought and speech.

His Socialistic Ideas.
Like Profs. Dana and Cattell,
Prof. Beard has socialistic ideas, but
he believes the war against Germany is just and should
be fought to a successful conclusion.
He is now a member of the Patri-
otic Service League and his wife, a
prominent suffragist, is president of
the national organization of public
health nursing. She has collabo-
rated with her husband in writing
several books.

Before the war Prof. Beard was
more active in socialistic matters
than since America entered the
struggle. As late as April, 1916, he
publicly declared that anyone who
wished had a perfect right to yell
"To hell with the Stars and Stripes."
He was arguing for free speech at
the time.

The professor's letter to President
Butler follows:

"Dear President Butler—Having
observed closely the inner life at Co-
lumbia for many years, I have been
driven to the conclusion that the
university is really under the control
of a small and active group of trust-
ees who have no standing in the
world of education, who are reac-
tionary and visionless in politics, nar-
row and medieval in religion. Their
conduct, to use the language of a
resolution adopted last spring by one
of the most important faculties, 'be-
trays a profound misconception of
the true function of a university in
the advancement of learning.' How
widely and deeply is this concep-
tion among the professors only one
intimately acquainted with them can
know.

"If these were ordinary times one
might more readily ignore the un-
happy position in which the domi-
nant group in the Board of Trustees
has placed the teachers. But these
are not ordinary times. We are in
the midst of a great war and we
stand on the threshold of an era
which will call for all the emanci-
pated thinking that America can
command.

"As you are aware, I have, from
the beginning, believed that a victory
for the German Imperial Govern-
ment would plunge all of us into the
black night of military barbarism. I
was among the first to urge a decla-
ration of war by the United States,
and I believe that we should now
press forward with all our might to a
just conclusion. But thousands of my
countrymen do not share this view.
Their opinions cannot be changed by
courses of bludgeons. Arguments
addressed to their reason and under-
standing are our best hope.

"Such arguments, however, must
come from men whose disinterested-
ness is above all suspicion, whose in-
dependence is beyond all doubt, and
whose devotion to the whole country,
as distinguished from any single
class or group, is above all ques-
tion.

"I am convinced that while I re-
main in the pay of the trustees of
Columbia University I cannot do ef-
fectively my humble part in sustain-
ing public opinion in support of the
just war on the German empire or
take a position of independence in
the days of reconstruction that are
to follow. For this reason I herewith
tender my resignation as profes-
sor of politics, to take effect on
the morning of Tuesday, Oct. 9, 1917.

Hard to Sever Ties.
"I cannot find words to convey to
you what it means to sever ties of
so many years' standing. Above
all, do I regret to part from my col-
leagues. As I think of their schol-
arship and their world-wide reputa-
tion and compare them with the few
obscure and weak trustees who now
dominate the university and terror-
ize the young instructors, I cannot
repress my astonishment that Amer-
ica, of all countries, has made the
status of professors lower than that
of the manual laborer, who, through
his union, has at least some voice in
the terms and conditions of his em-
ployment. Holding his position lit-
erally by the day, the professor is
liable to dismissal without a hearing,
without the judgment of his col-
leagues, who are his real peers. I
am sure that when the people un-
derstand the true state of affairs in
our universities they will speedily
enact legislation which will strip
boards of trustees of their absolute
power over the intellectual life of
the institutions under their man-
agement.

"In several realizations with my
employers, I do not leave the
great republic of Columbia students,
alumni and professors. With them
I have ties that cannot break while
I live. And to you, sir, I am deeply
indebted for the courtesy and
thoughtful considerations that I
have always received at your hands.

Yours sincerely,

"CHARLES A. BEARD."
The first intimation the university
received that Prof. Beard had re-
signed was when he made the an-
nouncement before his class in
Bernard College that he was appear-
ing before the students for the last
time. The young women crowded
about him and expressed regret. He
told them that he was sorry, also,
but declined to go into details.

PAYMASTER AT FORT SHERIDAN

15 Minutes Instruction in Boxing
Added to Daily Program.

FORT SHERIDAN, Ill., Oct. 9.—
The work of distributing \$400,000
among 4000 student officers at the
training camp here was completed
today. It was the first visit of the
paymaster since the second camp
opened. Efforts are being made by
liberty loan workers to have as
much as possible of the month's pay
converted into bonds and an en-
ergetic selling campaign is being con-
ducted.

Cut lips, sore noses and stiff necks
are being nursed by numerous can-
didates today as the result of the
first boxing lessons, which were
made part of routine yesterday. The
camp has been supplied with 600
boxing gloves and each company is
to receive 15 minutes' instruction
daily.

Cottonseed Highest Since 1905.
SHREVEPORT, La., Oct. 9.—The
highest price paid for cottonseed
since the Civil War was obtained
here when 50 carloads, averaging 25
tons to the car, were sold for \$77 per
ton to coal oil mills. Last year the
farmers ran the price up from \$48
to \$68 per ton, and previous to the
opening of the present season they
fixed \$65 as the minimum.

MILLION STOMACH SUFFERERS CAN EAT A BIG MEAL NOW

No fear of indigestion, gas,
sourness, heartburn or acidity.

"Pape's Diapiesin" is quickest,
surest stomach regulator known.

You don't want a slow remedy
when your stomach is bad—or an
uncertain one—or a harmful one—
your stomach is too valuable. You
mustn't injure it with drastic drugs.

Pape's Diapiesin is noted for its
speed in giving relief; its harmles-
ness; its certain unfailing action in
regulating sick, sour, gassy stom-
achs. Its quick relief in indigestion,
dyspepsia and gastritis when caused
by acidity has made it famous the
world over.

Keep this wonderful stomach
sweetener in your home—keep it
handy—get a large fifty-cent case
from any drug store and then if
anyone should eat something which
doesn't agree with them; if what
they eat lays like lead, ferments and
causes gas; causes head-
ache, dizziness and nausea; eructa-
tions of acid and undigested food—
remember as soon as Pape's Dia-
piesin comes in contact with the
stomach it helps to neutralize the
excessive acidity, then all the stom-
ach distress caused by it disappears.
Its promptness, certainty and ease
in overcoming such stomach dis-
orders is a revelation to those who
try it.—ADV.

SORE THROAT

Colds, Coughs, Croup and Catarrh Re-
lieved in Two Minutes.

Is your throat sore?
Breathe Hyomel.
Have you catarrh?
Breathe Hyomel.
Have you a cough?
Breathe Hyomel.
Have you a cold?
Breathe Hyomel.

Hyomel is the one remedy for all nose,
throat and lung troubles. It does not
contain any cocaine or morphine, and all
that is necessary is to breathe it through
the little pocket inhaler that comes with
each outfit.

A complete outfit costs but little at
drugists everywhere and at Wolf-Wil-
son Drug Co. and Hyomel is guaranteed
to banish catarrh, croup, coughs, colds,
sore throat and bronchitis of every
kind. A Hyomel inhaler lasts a lifetime,
and extra bottles of Hyomel can be ob-
tained from drugists for only 50 cents.

Borden's EAGLE BRAND

What you have missed

If you never had a morning paper you wouldn't miss one
now.

And you wouldn't know what you had missed.

The same is true of Borden's Eagle Brand. Until you
use it you don't know how delicious coffee, tea or choco-
late can be made to taste for you have missed the flavor
that nothing but Eagle Brand can give—the richness that
comes from adding the cream that's "cream and sugar too."

Because it's "cream and sugar too" Eagle Brand intro-
duces a new economy—costs less, lasts longer and keeps
fresher.

Borden's Eagle Brand is the standard food for
babies. It is uniform in quality and in composition.
At all better drug and grocery stores.

How to Rid Your Face of Wrinkles

Women whose skin is wrinkled, yellow, dry, faded and rough can quickly change this condition by an easy, inexpensive home treatment. Go to Judge & Dolph Drug Co., 215 Olive street; Johnson-Rader-Taylor Drug Co., Grand and Olive streets; Wolf-Wilson Drug Co., 234 Washington avenue; Kellner Drug Co., 501 Franklin avenue, or any first-class dealer, purchase a bottle of Unit and rub a little into the skin for a few moments each night before retiring, and the results will be apparent almost at once. The skin quickly absorbs the pure nut oils of which Unit is compounded, and they are smoothed, plumped and natural color and drive away the hideous wrinkles. Unit is a liquid, clean and dainty perfume. Get a bottle today and see how quickly it improves the appearance of your skin. It is also a splendid treatment for freckles, blackheads and many forms of skin blemishes. Ask your dealer for a box of Unit Face Powder, the last of the four tints. Delightfully soft and velvety and preferred by the most fastidious women.

Catarrhal Deafness May Be Overcome

A simple, safe and reliable way that calls for no ugly trumpets, phones or other instruments

To be deaf is very annoying and embarrassing. People who are deaf are generally highly sensitive on this subject. And, yet, many deaf folk carry around instruments that call attention to their infirmity. Therefore people who are hard of hearing, who suffer from deafness, and who are tired of carrying around instruments that call attention to their infirmity, should know that it is easily made at home for a few cents, and that it is really quite efficient in relieving the disagreeable deafness and deafness caused by catarrh. From any drug store get one ounce of Eucalypti (good strength) about 100 worth. Take this home and put it into a small cup, made of 1/2 pint of hot water and the juice of ordinary granulated sugar. Take a tablespoonful four times a day. This treatment should be tonic action reduce the inflammation in the middle ear that is caused by the catarrh. Headaches, ringing in the ears, and other symptoms of catarrh, catarrhal deafness or head noises, should give way gradually. It is pleasant to take and is quite inexpensive. ADV.

ASTHMA SUFFERER

WRITE TODAY and I will tell you of the simple home treatment for asthma and bronchitis which has cured many after physicians and doctors of climate failed. I want you to try it at my expense. Drop me a card and I will mail you the sample bottle FREE. Geo. J. Thompson, Box A-151, Lee Station, Iowa. ADV.

Gray Hair?

A popular remedy for gray hair, which gradually darkens gray hair and restores the natural color. You Can Make It Yourself! A pint of water add one oz. of salt and one oz. of soda. Any drug store will supply you with the ingredients. ADV.

SHIPS WITHOUT SKYLINE BUILT TO FOIL SUBMARINES

Plan of Edison Said to Have Been Tried by Government With Success.

INVISIBLE AT DISTANCE

Masts of Vessels Fold Down and Upper Stacks Are Removed by Scheme.

NEW YORK, Oct. 9.—The Sun prints the following Washington dispatch:

What may prove an important step toward reducing the toll of the U-boat warfare was revealed here yesterday. It is a plan worked out by Thomas A. Edison and already put into operation by the Government. Its success thus far has greatly impressed shipping men and naval experts, and it promises to be more and more efficacious.

The Edison plan is not any marvelous invention to destroy the submarine in some miraculous way when it is still out of torpedo range of its intended victim. It is merely a merchant ship without a skyline.

Any ordinary freighter can be easily and quickly changed to meet the requirements of the new scheme. The masts forward and aft, essential to the loading and unloading of cargo, are hinged in such a manner that they can be laid down flat. A portion of the funnels can be removed to cut them down to the deckline.

Masts Folded Back.

The ordinary type of freighter has the appearance of sea of a turreted wall, being high forward with a deep cut where cargo is loaded forward, then the bridge and the stack, elevated to the level of the high forward deck, with another deep cut in the outline of the vessel behind this, and finally the after deck rising high again. The forward mast when folded down and back on its hinge contrivance extends across the forward cut, which is boarded up to the level of the forward and bridge decks. The after mast is laid down across the deep notch in the vessel's outline formed by the space where the after holds of the vessel are loaded, and this cut or notch is boarded up to the level of the higher portions of the ship's side. With the upper part of the stack removed the line from the bow to the stern of the freighter is continuous and unbroken by anything.

With the neutral tones now used in painting merchant ships, a ship so equipped is absolutely invisible at a short distance. The curvature of the surface of the ocean puts the ship below the horizon at a very short distance, and even if the vessel is above the horizon it cannot be seen except by rare chance, naval experts claim, because there is absolutely nothing to attract the eye, as would the masts or stacks of any ordinary freighter.

In order that a heavy trail of black smoke will not disclose the whereabouts of the vessel to a prowling submarine, hard coal sufficient for 300 miles has been put aboard. This is ample to carry the vessel across the danger zone.

High Stack Not Necessary.

Forced draft, with which nearly every vessel is equipped in these times, takes the place of the draft which would be provided by the higher stack ordinarily used.

The ships of this character which have been sent to Europe and have returned in safety to the United States have done so thus far without any evidence that they were seen by a submarine. Shipping board and naval officials have been reticent about making the experiment public until it was reasonably assured that it would prove a success. They believe the facts set forth here.

The principles on which the plan is worked out are all sound and scientific, they pointed out last night, and the fact that Edison worked out and sponsored the plan is an added guarantee that it is not a "pipe dream," but an efficacious and probably highly successful means to thwart the piracy of the Hohenzoferns.

GIRL, 13, ADMITS STEALING 2 CHILDREN IN LAST TWO WEEKS

CHICAGO, Oct. 9.—Jennie Grecky, 13 years old, is in a house of correction today as the result of her having within the past two weeks lured two small children away from their mothers and made virtual prisoners of them for a time. "I don't know why I take babies, but I do," was her explanation to juvenile court officers. Two weeks ago she entered a department store and saw Gladys Bivalter with her mother. Jennie suggested a walk and Baby Bivalter went. Later the child was found in the department store. A week ago Mrs. Joseph Kovalsky and her 2-year-old daughter, Lillie, went shopping in the same store and Lillie disappeared. Search was unavailing. Later the mother went back to the store and found her child at play. The youthful kidnaper explained that she took Lillie to her home and "put her up on the roof so my ma wouldn't see her." Later she said she took her something to eat. "I made our dog stay up on the roof with her so she would be all right," Jennie explained further. "I guess he was too rough, though, for baby got a black eye and several scratches. In the morning I waited until all my folks were gone to work and then I brought the baby down and played with her all day. Then I took her back to the store."

\$3.00

You Know Someone Who Has Gone

Every day you can see them going—cheerfully—weighed down with a noble responsibility, leaving their homes, their families, on their way to cantonments—later wherever ordered.

They are giving up everything. Their hopes, their ambitions, their lives are at stake.

You are not going. You are here with your families, your friends, your future.

What Must You Do to Help?

Your country needs men, and the men are giving themselves—your husband, your son, your brother, your associate, your companion, the man who a few weeks ago you were in the habit of saying good morning to—he's gone.

Your government now needs money to feed, to clothe, to shelter, to nurse, and we hope to bring back these men.

You can help, you must help and you know you will help at once by investing some money you have or will save in a United States Government 4% Liberty Bond.

Liberty Bonds are sold in denominations of \$50 and multiples thereof, under weekly payment plans that make it possible for anyone to buy them. Walk into any bank or trust company in the United States, whether you have a bank account or not. The officers of the bank will appreciate your visit and show you how to buy a Liberty Bond.

THE AUTOCAR COMPANY—Ardmore, Pennsylvania

For a Fair Street Railway Settlement

The Logical Basis for Taxing Street Railways

The State has deprived Missouri public utility companies of any property value in their franchises—their permits to do business in city streets.

The State, recognizing the utilities as public necessities and as more or less complete natural monopolies, undertakes to regulate them so that the public shall get service at cost including a fair return on their legitimate investment.

Long before 1913 this Company's franchises had lost their property value to us. We had learned that St. Louis street railway earnings were not sufficient to pay dividends on stock issued in earlier years against franchise values.

The city has not grown nearly so fast since 1904 as everybody here believed it would.

Street railway revenue has not increased nearly so fast as the Company then believed it would.

Street railway expenses—taxes, labor, equipment and other costs—have increased very much faster than anybody then believed they would.

Since 1913, in which year the State formally deprived utility companies of any property value in their franchises, the St. Louis City Government has levied franchise taxes on this Company (mill tax and underlying ordinance taxes) averaging over \$440,000 a year, for a total of approximately \$1,750,000.

Logically, the City should have quit taxing our franchises the day the State took their property value from us.

Actually, since 1913 we have been asked to pay \$1,750,000 of City taxes on property we didn't own.

Whatever else the City's street railway settlement ordinance may do, it should stop the taxing of this business on property values which the State has taken from us and has restored to the general public.

Logically, since the street railway business no longer contains any public (franchise) value, it should be taxed exactly the same as any other privately owned business requiring no franchise.

There is no valid excuse for laying extra taxes on a street railway unless, after giving good service, financing needed extensions and paying good wages, a fair return on investment and its fair share of the general property taxes, its rates yield a net surplus income big enough to be worth considering.

If after meeting the above requirements the street railway earns a considerable net surplus income, the City Government can fairly assert, subject to the State Commission's paramount authority, a right to dispose of that surplus.

In such case the city may fairly claim a large percentage of such surplus for other public uses, as some cities do, or it may ask that car fares be reduced to absorb the surplus, as in Cleveland, where the City Government taxes the street railway only \$325,000 a year, as against \$910,000 a year here, not including our \$230,000 a year paying tax.

The United Railways Company of St. Louis

KINKY HAIR

Excellent Medicine Co. (London) Ltd. I use your Excellent Conditioner for my hair. It is soft, sleek, combs and stays, but now it has grown to 22 inches long. My friends above have said I look like a goddess. SALLIE BLUM. Don't let some fake Kink Remover fool you. You really can't straighten your hair until it is nice and long. That's what EXLENTO SOUVENIR does. Removes dandruff, feeds the roots of the hair and makes it grow long, soft and silky. Guaranteed as washing. Price 25c by mail on receipt of stamp or coin.

Simple Home Remedy for Wrinkled Faces

Thousands are spending fortunes in frantic efforts to remove the signs of premature age from their faces. Such women willingly pay almost any amount of money for worthless wrinkle removers, of which there are many. If they only knew it, the most effective remedy imaginable is a simple, harmless face wash which can be made up at home in less than a minute. They have only to get an ounce of powdered saxolite and half a pint of witch hazel at the drug store and mix the two. Apply this daily for a while as a refreshing lotion. The effect is almost magical. Even after the first treatment a marked improvement is noticed and the face has a snug, firm feeling that is most pleasing. ADV.

U. S. SHIP, BY MISTAKE, SHELLS ITALIAN U-BOAT

Secretary Daniels Sends Message to Rome Expressing Deepest Regret Over Occurrence.

WASHINGTON, Oct. 9.—Full reports on the shelling of an Italian submarine by a United States patrol ship through a misunderstanding, resulting in the death of an officer and an enlisted man are being awaited today by the Navy Department from Vice Admiral Sims, commanding the American naval forces in European waters.

In reporting the incident to the department late yesterday, Admiral Sims stated that the patrol while on duty at night in the war zone recently fired after the undersea craft had failed to reply to a recognition of signals. Details were not given.

Immediately upon receipt of Admiral Sims' message Secretary Daniels sent a message to the Italian Minister of Marine expressing the deepest regret over the unfortunate occurrence and tendering his own and the department's sympathy for the loss of life.

The Navy Department issued this statement: "The Navy Department has been informed by Vice Admiral Sims that recently an American patrol vessel while on patrol duty at night encountered an Italian submarine and that when the latter failed to answer the established recognition signals the patrol vessel opened fire, which resulted in the killing of one officer and one enlisted man before the identity of the submarine was established."

"Vice Admiral Sims is thoroughly investigating the unfortunate occurrence and reports will be forwarded later to the department."

"The Secretary of the Navy upon receipt of the first news, dispatched the following message to the Italian Minister of Marine: 'I have learned with deepest re-

gret of the unfortunate occurrence which resulted in an American patrol vessel firing, through a misunderstanding, upon an Italian submarine, causing the death of one officer and one enlisted man on the latter."

"As our patrol vessels are in European waters primarily for the purpose of co-operating with the Italian and other allied vessels in our common cause, the unfortunate encounter is all the more regrettable. Due to the recent unusual activity of enemy submarines in this region, which have resulted in the loss of several vessels, the patrol vessel did not ob-

tain the recognition signals and this resulted in her opening fire. Please accept on behalf of myself and the American navy heartfelt sympathy for the loss of life which has resulted."

"JOSEPHUS DANIELS."

Stabbed Negro Dies of Wound.

Charles Jordan, a negro, 33 years old, of 3130 Pine street, died at the city hospital last night an hour after he had been stabbed by Frank Erwin, negro, 32 years old, of 20 North Compton avenue. The men fought in the rear of a lunchroom at 3201 Lawton avenue.

Norwegian Marine Blasts Reduced.

COPENHAGEN, Oct. 9.—The danger from submarines having decreased, insurance on Norwegian cargoes in the North Sea has been reduced from 8 to 7 per cent.

Deserter Eager to Return to Army.

Wilson O. Phillips, 23 years old, of Whitehall, Ill., surrendered to the police last night and confessed he had deserted the army at Fort Sam Houston. He said that he ran away when he became angered at the orders of a superior. He since had regretted his action, he said, and was anxious to get back to his post.

We Give Eagle Stamps and Redeem Full Books for \$2.00 in Cash
or \$2.50 in Merchandise—Few Restricted Articles Excepted.
Largest Distributors of Merchandise
at Retail in Missouri or the West.ONE OF THE MOST REMARKABLE EVENTS OF THE MONTH IS A SALE OF
Sewing Machines at \$15.00 and \$18.00WHAT MAKES THIS EVENT all the more extraordinary is the
fact that it is almost impossible to find reliable machines to
sell at these popular prices.

These Machines Are Strictly New—Just Out of Their Original Crates

Please note that although we must refrain from quoting the maker's name (as called for in the
purchase agreement) every machine is from a factory whose signature you will immediately recog-
nize as a sign of quality and reliability. Each machine is guaranteed for 10 years.
Two groups—at \$15.00 and at \$18.00. Be early, for we expect rapid selling.

Fifth Floor

Tomorrow Comes a Surprising Sale of \$1.98 and \$2.50

Extra Size \$1.65
WaistsFirst of all please note that there are all sizes from
48 to 54.Then understand that the styles are all new—just re-
ceived!Thirdly, remember that these have been specially
designed for large women, to make them feel and ap-
pear at ease.There are charming organdies, voiles and lawns with
the big square and round collars now so modish, or
smaller collars edged with lace. Neat lace and em-
broidery fronts, or plain-tailored.

Buy plenty at \$1.65!

Silk Waists at

the first three games.

BORN ONE CENT LOWER IN TRADE ON 'CHANGE

tion on Crop Report; Oats
Off Slightly.

Traders placed a bearish construction on the Government crop report

early market on the Merchants' exchange today. Good weather and growing belief that maximum prices of \$1.28 on futures will not be raised at present also helped the sellers, as did lower prices for cash corn.

Oats were slightly lower with corn.

The Liverpool wheat market is steady, with continued fair demand for spot and lighter offers. Strength in coarse grains and good demand for flour keeps traders nervous. Corn market is steady, influenced by

Chicago wired that old corn offerings from the country are increasing and there is quite a little offered five days' shipment, about 1c and 2c over

Chicago wired that old corn offerings from the country are increasing and that the market is quite active. Little offered for 5-year shipment, about 1c and 20-cv for 10-year. Selling prices. Country offered no oats and, on the other hand, exports of wheat business has continued and domestic demand is moderately increased.

In Argentine recent rains were beneficial in dry districts and the high promise is well maintained.

In Australia, general crop prospects are very favorable as a result of the weather.

In United Kingdom, weather generally is favorable and agricultural outlook improved.

In France, weather conditions are unfavorable, as coldness and snow covers a wide area and threshing and movement is retarded.

In Russia, reports of harvesting and yields are very disappointing. Weather is unfavorable, being cold.
